Summary: 2019 Community Capacity Report and Perception of the LMLIP ................................. 45
I. Letter from the Co-chairs

April 2019

The London & Middlesex Local Immigration Partnership has been working since September 2009 to strengthen the community’s capacity in facilitating the successful integration of immigrants in all aspects of life in our community.

One of the deliverables is the creation of an LMLIP strategy that outlines priorities, gaps, and opportunities for the successful integration of immigrants. In June 2010, the London & Middlesex Local Immigration Partnership (LMLIP) submitted its first Community Immigrant Strategic Plan to Immigration, Refugees and Citizenship Canada (IRCC). In December 2013, the LMLIP submitted its community’s second strategy, LMLIP Strategic Plan April 2013 – March 2016. The third strategic plan was submitted in April 2016.

For the last ten years, LMLIP has partnered with all sectors, including system partners, settlement organizations, ethno-cultural associations, and faith groups to address issues that impede and or slow down the integration process of immigrants in our region. A number of projects have been implemented to ensure that our community is working in a collaborative way to address identified issues and maximize outcomes for the immigrants.

As the current strategic plan was coming to an end in March 2019, over the last few months, LMLIP has consulted the community to identify gaps and opportunities to draft the fourth plan: LMLIP 2019-2022 Strategic Plan. The planning process included:

⇒ Consultation with LMLIP members September 2018 through March 2019
⇒ Consultation with organizations funded by Refugees, Citizenship and Immigration Canada (IRCC), October 23, 2018 and Community Consultation: Immigration and Priority Setting with Service Providers, Community Members and Local Immigration Partnerships, October 24, 2018
⇒ LMLIP Community Consultation, November 5, 2018
⇒ Meeting with system partners, March 1, 2019

We are pleased to present to you the LMLIP 2019-2022 Strategic Plan, on behalf of the London & Middlesex Local Immigration Partnership Council and its five sub-councils. The new plan outlines our community’s aspiration to advance the successful integration of immigrants in the community. The current plan includes five new strategic priorities which support IRCC’s expected outcomes.

We continue to count on our volunteer members and the in-kind support from our partners, which include settlement, employment, health, education sectors, and the three levels of government to create a more welcoming city and region. We sincerely thank our volunteers and partners for their commitment, engagement, and valuable contributions.

Thank you for your continued support.

Jill Tansley
LMLIP Co-Chair

LMLIP Co-Chair
II. About the London & Middlesex Local Immigration Partnership (LMLIP)

a. Purpose and Vision

The London & Middlesex Local Immigration Partnership is one of 77 Local Immigration Partnerships (LIPs) across Canada, funded by Immigration, Refugees and Citizenship Canada (IRCC). The work of the LMLIP is supported by the Province and the Association of Municipalities of Ontario (AMO). LMLIP is co-chaired by the City of London and a member from the community.

The LMLIP is a collaborative community initiative designed to strengthen the role of local and regional communities in serving and integrating immigrants. LMLIP is guided by a Central Council and five issue specific Sub-councils and is supported by our post-graduate institutions, community services and volunteers across sectors as outlined in the following image.
b. **Overarching Themes**

The image reflects the five issues specific sub-councils and the themes that will guide our work over the next three years:

1. **Welcoming community**: Encouraging the London and Middlesex community to appreciate diversity and actively work to attract, support and retain immigrants. All residents welcome the full participation of immigrants into Canadian society and work together to eliminate racism and discrimination in all forms.

2. **Communication and access to information**: Enhancing communication between and among immigrants, the London and Middlesex community, service providers and government.

3. **Coordination and collaboration**: Optimizing outcomes for immigrants through improved coordination and collaboration among service providers.
4. **Access to supports and services for immigrants**: Providing immigrants and immigrant families timely, clear and relevant information and tools to access and navigate supports and services.

5. **Reduction of systemic barriers**: Engaging all levels of government, funders and institutions to reduce systemic barriers that impede immigrants’ ability to successfully participate in the London and Middlesex community.

c. **Immigration, Refugees and Citizenship Canada Outcomes**

LMLIP Council and Sub-councils will strive to align their projects with the following Immigration, Refugees and Citizenship Canada (IRCC) outcomes, for the successful integration of immigrants:

- **Immediate Outcomes**:
  - Newcomers/immigrants are aware of or obtain the services they need

- **Intermediate Outcomes**:
  - Newcomers/immigrants are connected to the broader community and social network
  - Community partners are aware of newcomer needs and contributions and are engaged in newcomer settlement
  - Canadians provide a welcoming community to facilitate the full participation of newcomers into Canadian society

**III. Highlights of LMLIP Strategic Plan 2016-2019**

The London & Middlesex Local Immigration Partnership’s primary goals are to strengthen the capacity of the community in serving and integrating immigrants and to enhance delivery of integration services to all immigrants. LMLIP has been the strategic planning body in London and area for the last ten years that ensures that multiple stakeholders participate in this planning and coordination. LMLIP engaged communities and sectors to promote, coordinate and facilitate the integration of immigrants. LMLIP initiated projects in the last three years that have been adapted and/or considered for the next plan by a number of LIPs across the country. LMLIP engaged landlords and tenants to understand issues related to renting, through the LMLIP Housing Work Group. Such conversation impacted the creation of a project by a community partner, *Hello Neighbour*. This project further assisted immigrants in neighbourhoods to understand their rights and responsibilities as renters, and learn more about services supported by IRCC. LMLIP also assisted non-settlement service providers and the community to develop a greater understanding of immigrants’ needs and services.

In this section, some of the key activities that have been coordinated, facilitated, and/or hosted by the LMLIP under the 2016-2019 identified overarching themes are highlighted.
Welcoming community

- Raised awareness on immigrants’ contributions and successes through two campaigns of the I am London 150 and I am London 2018 social campaigns.
- To help foster a welcoming environment, championed the issue of welcoming all through: Bilingual #AllAreWelcomeHere lawn signs, 1000 Acts of Welcome and two events on welcoming all.
- Presented to the Thames Valley District School Board senior management teams on addressing issue of discrimination in all its forms.
- Presented at two Annual Pathways to Prosperity Conferences on #AllAreWelcomeHere lawn signs campaign.
- LMLIP Welcoming Campaigns, was adapted by Mission LIP, British Columbia.
- LMLIP provided input to the City’s Newcomer Strategy and the City of London’s Community Diversity and Inclusion Strategy.
- Supported the three Annual Journeys of Migration which is led by the Migration and Ethnic Relations Centre at Western University.
- In partnership with the Opening Doors Project, Canadian Mental Health Association Toronto, London Public Library, and My Sister’s Place, coordinated the delivery of two Opening Doors Sessions on Anti-Racism 101 and Bridging the Gap: Generation & Immigration to enhance support for service providers and immigrants.
- Coordinated a session on the 2016 Census to strengthen community engagement at all levels, in partnership with the City of London.
- Engaged faith institutions on immigration, its significance how we may support one another.
- Coordinated the delivery of a session on Enhancing Cross Cultural Awareness to parents who attend the Mutual Aid Parenting Groups across the city.

Communication and access to information

- Facilitated the building of community connections by sharing information on engagement opportunities, job postings, events for integration, free workshops and recreational activities in the community, on a weekly basis.
- Established partnerships with the Community Engaged Learning Program at Western University, Big Brothers and Big Sisters and reached out to the the N’Amerind Friendship Centre to engage in welcoming and educating immigrants.
- Developed an LMLIP Newsletter which reaches 200 service providers and individuals. Myth busting on and about immigration is one of the main subject areas of the newsletter.
- Coordinated the delivery of a session on cultural diversity to service providers and established groups. Connected the City of London with 10 active ethno-cultural groups across the City to promote the City’s new program, “Neighbourhood Decision Making” which would allocate funds to five geographic areas to implement ideas created by groups in their neighbourhoods.
Immigrant Community Capacity and Engagement (ICCE) Project, which stemmed from the LMLIP Justice & Protection Sub-council’s plan, and led by John Howard Society, has successfully engaged ethno-cultural communities and service providers.

Organized with community partners two information sessions for private sponsors.

**Coordination and collaboration**

- Collaborated with an elementary school and a Settlement Worker in School, to organize a human library as a platform to educate grades five to seven on immigrants’ culture and contributions. Students were provided with an opportunity to ask and learn from the human libraries who represented 26 countries.
- Engaged faith groups with the research on Faith and Settlement Partnership, led by the Centre for Community Based Research, Waterloo, by organizing a session *Setting Immigrants Up for Success* for settlement and faith groups.
- Coordinated with the South London Neighbourhood Resource Centre, the delivery of an information session on the Canadian justice system to new immigrants in the neighbourhood. Children’s Aid Society, the London Police Service and John Howard Society provided a participatory workshop on their services.
- Coordinated the delivery of an information session about the Canadian justice system to residents in the North East of London with the support of Networking and Empowering Communities through Conversations (NECC).
- Coordinated the delivery of three information sessions to the London & Area Association for Volunteer Administration on diversifying their volunteers and tapping into immigrants’ talent.
- Established a new partnership with a business, rTraction. Through this partnership [www.1000actsofwelcome.ca](http://www.1000actsofwelcome.ca) was developed in English and French.
- Established a new partnership with the Centre Communautaire Regional de London. Through this partnership, the French site of [www.1000actsofwelcome.ca](http://www.1000actsofwelcome.ca) is maintained.
- In partnership with the City of London, Recreation and Age Friendly London, organized a session for seniors to raise awareness on mobility and access to services.

**Supports and services for immigrants**

- Organized *Ready to Volunteer* Event where established immigrants were matched with service providers who were recruiting volunteers.
- In partnership with the London Intercommunity Health Centre, organized a session on the justice system to the Women of the World group.
- In partnership with the Thames Valley Parent Involvement Committee, presented at two annual conferences on engaging immigrant parents and shared the Welcoming All Voices resource to engage parent councils in recruiting immigrant parents.
- Coordinated the delivery of two sessions for new immigrants seeking opportunities in starting their businesses in collaboration with the Adult education, Thames Valley District School Board, the Small Business Centre, Scotia Bank, London Public Library, the City of London, the Business Help Centre, Middlesex County and Accounting Services.
- Facilitated the translation of the housing video, which provides information to first time renters into Arabic, French and Spanish along with the sub-titles, with the financial support of YMCA Western Ontario.
Facilitated and supported the organization of two annual professional development events for front line staff in the settlement sector.

Promoted the resources developed to educate renters and landlords on housing challenges; and the Hello Neighbour Project that further raised awareness on the issues faced by immigrants.

To connect immigrants and raise awareness on opportunities, shared over 700 job opportunities and over 300 engagement opportunities.

**Reduction of systemic barriers**

- Presented at the Ontario Home Economics Conference on the challenges faced by immigrants in renting their first homes as well as challenges faced by private sponsors in understanding the complex needs of privately assisted refugees.
- Participated in meetings hosted by Immigration, Refugees and Citizenship Canada and raised awareness among funders and decision-makers about the complexity and diversity of needs faced by immigrants and the need for a continuum of services.
- Bridged knowledge gap about immigrations, by sharing information on LMLIP social platforms on research regarding immigration, its significance and supports.
- Shared widely the “Speaking Freely: Professional Health Interpretation in London, Ontario”, by presenting at the Annual Conference organized by Western’s Migration and Ethnic Relations graduate program, the London Middlesex Health Providers Alliance, Pathways to Prosperity Annual Conference, through social media platforms and with Local Immigration Partnerships across Canada. Waterloo Region Local Immigration Partnership adapted this resource to raise awareness among the health care providers on the impact of professional interpretation in medical sites.
- Promoted opportunities for employment internships with the City of London among immigrants.
- Through the annual I am London social media campaigns, engaged local media outlets (CBC, CTV, Fanshawe Radio, and the London Free Press).

**IV. Executive Summary: London & Middlesex Local Immigration Partnership Strategic Plan April 2019– March 2022**

In its tenth year, the London & Middlesex Local Immigration Partnership mobilized the community, service providers, levels of governments, institutions, ethno-cultural and faith groups to draft its fourth Strategic Plan (2019-2022). In the next three years, our Council with its five issue specific sub-councils, will focus on the identified issues to:

- facilitate the successful integration of immigrants,
- inform and educate the receiving community and the immigrant communities,
- create a more welcoming community where immigrants thrive, contribute and feel welcomed in their adopted city and region.
Through the Welcoming Communities Campaigns, LMLIP will continue to engage citizens and residents in busting myths about immigrations and immigrants. Council will continue to engage the Réseau de soutien à l’Immigration francophone Centre-Sud-Ouest de l’Ontario to improve outcomes for Francophone immigrants in London and Middlesex. Council will work closely with Indigenous Peoples to educate immigrants on Indigenous communities.

Moving forward, each Sub-council will focus on a number of identified priorities. Key priorities will include engaging parents in the school system, recognizing employers who have successfully engaged in offering meaningful employment for immigrants through social media, raising awareness of local health resources including mental health supports services, enhancing knowledge within the receiving community about engaging immigrants and about immigrants’ contributions to our community and enhancing awareness about services, targeted and universal, among newcomers. Our Council will continue to work together with sectors, residents and immigrants to achieve better outcomes for immigrants in our region.

V. LMLIP Strategic Plans 2019-2022

The following section contains the LMLIP Central Council, and each issue specific Sub-council’s plans for the next three years.

The Strategic Plan is the result of community consultation, meeting with system partners, faith and ethno-cultural groups, four bimonthly meetings of each Sub-council, seven Central Council meetings and ten meetings of the Governance Work Group who led the planning process for drafting the plan. This plan was also informed by the fourth Community Capacity and Perceptions of the LMLIP 2019 that was prepared by Western University and the Measuring Outcomes Work Group.

2 Community Capacity and Perceptions of the LMLIP p.51
VI. Conclusion

Over the next three years, LMLIP Council and Sub-councils will continue to raise awareness on available resources funded by IRCC and others; highlight supports on mental health and accessibility; enhance coordination among service providers and engage faith groups, businesses, residents and ethno-cultural groups in the settlement process. Council will continue to explore establishing new partnerships and collaborations that will focus on facilitating the successful integration of immigrants.

In our role as the conduit for information, LMLIP will promote, share with and inform the community of opportunities that will strengthen the community’s role in serving immigrants, resulting in the creation of a more welcoming community in our region. As a convener, LMLIP will continue to bring stakeholders and communities together to address the identified priorities and find local solutions as a community.

VII. Acknowledgements

The London & Middlesex Local Immigration Partnership is thankful to Immigration, Refugees and Citizenship Canada (IRCC) for its continued financial support. The City of London continues to play a crucial role in providing leadership and support. We thank our Central Council and the Sub-councils members for their ongoing commitment, contributions and time, (LMLIP Council members, see page 38). Our sincere thanks to all those who participated on our work groups, attended our events, consultation meetings, and participated as panelists and as faces of London for the I am London social media campaigns (Other Participants, see page 39).

We are grateful to the in-kind support of organizations, service providers, faith institutions and institutions who supported their staff members to participate on the LMLIP Council, Sub-councils and Work Groups (Participating Organizations & Associations, see page 42).

LMLIP will continue to count on the community, service providers, researchers, students, faith groups and institutions for their support. Together, we can make a difference in the lives of those who choose London and area as their new homes.

Summary: 2019 Community Capacity Report and Perceptions of the LMLIP

- Participation in the 2016 wave of the Community Capacity and Perceptions of the LMLIP survey was lower than in 2013

- For the organizations who responded to the survey, perceptions of the LMLIP are quite positive, and some positive changes are evident between 2013 and 2016:
  
  o Most of the organizations in 2016 report having familiarity with the LMLIP, and show moderate levels of participation with the LMLIP
  o Almost all organizations in 2016 report that the LMLIP has relevance and has played a moderate role in shaping service delivery
  o A sizeable proportion of organizations in 2016 report that the LMLIP has increased the coordination of services
  o A sizeable proportion of organizations in 2016 report that the LMLIP has improved services available in London and Middlesex
  o Most organizations in 2016 report that the LMLIP has improved the extent to which London and Middlesex is a welcoming community to immigrants
  o Most organizations in 2016 report that the LMLIP has changed the way in which their services are delivered

- Almost half of the organizations surveyed report providing services to immigrants (i.e., they provide at least some immigrant-specific services) with a subset of these organizations servicing immigrants exclusively

- London and Middlesex remains a community with many strengths in providing services to immigrants, with Community Connections as the most provided service for immigrants

- Along with the services each organization provides, many organizations report having connections with each other and referring immigrants to other organizations in order to best meet their needs

- Nearly 9 in 10 organizations evaluate the services they provide and have specific action plans to improve their services

- Additionally, the community has noted gaps in services provided for immigrants and newcomers to London and Middlesex, including a need for increased training, education, and networking opportunities to help immigrants attain meaningful jobs

- Organizations have also reported that more action should be taken to celebrate cultural diversity in London, and also to link new immigrants with immigrants who are long-time
These will include, but are not limited to, school boards, health system, justice system, child and family protection services, existing initiatives such as the City’s Newcomer Strategy, the Child & Youth Network, Age Friendly London, Community Diversity and Inclusion Strategy, the Culture Plan, Middlesex Workplace Development Partnership strategy, the City’s Diversity, Inclusion and Anti-oppression Advisory Committee, etc.
