PRE-APPLICATION CONSULTATION
OFFICIAL PLAN AND ZONING BY-LAW AMENDMENTS

About Mandatory Pre-application Consultation

Prior to submitting an application for an Official Plan Amendment or Zoning By-law Amendment to the City of London, a proponent is required to consult with relevant City staff. Pre-application consultation is intended to facilitate early discussions between the proponent and City staff pertaining to the application, and to allow City staff to determine the specific reports, studies and information that is required to be submitted together with the application form as part of a complete application.

A proponent initiates the mandatory pre-application consultation by submitting a written Proposal Summary to the City of London Development Services along with a cheque for \$256 which is applied towards the fee of the complete application once it is received. It may have been preceded by informal discussions with a City Planner and is the first step in preparing to submit a formal amendment application.

What is the Proposal Summary?

The Proposal Summary is an introductory letter or short report submitted by a proponent that describes the proposed development sufficiently for City Staff to understand the proposal and possible site limitations. It may consist of several pages of text, plus figures, depending on the complexity of the proposal. A Proposal Summary must be submitted in both paper and electronic (.pdf) formats.

It is not intended that the Proposal Summary include documentation supporting the merits of the proposal. The proponent will be provided with ample opportunity to provide supporting documentation with the formal Official Plan and/or Zoning By-law amendment application.

How the Proposal Summary is reviewed

City staff will review a submitted Proposal Summary with the objectives of identifying Provincial and municipal policies, guidelines and plans that may impact the application, determining potential issues and identifying reports, studies, information and any concurrent applications required to be submitted as part of a complete application.

City staff will meet with the proponent at a scheduled Pre-application consultation meeting to discuss the proposed application and the results of the internal review. Pre-application consultation meetings are held on Tuesday afternoons approximately 2 weeks after a Proposal Report is submitted. The planner attending this meeting will provide the proponent with a written Record of Pre-application Consultation that must be submitted with the formal Official Plan and/or Zoning By-law Amendment application form.

Disclaimer

The pre-application consultation process is intended to identify issues early in the process and to identify the reports, studies and information required to be submitted as part of a complete application. A complete application enables Council to make informed decisions within a reasonable period of time and ensures that the public and other stakeholders have access to the relevant information early in the process. While every effort has been made to identify information needs at this stage, additional issues and/or information needs may be identified through the application review process and may be requested at that time.
