1.0 Procurement Goals and Objectives

Mission:

To obtain the right goods and/or services when needed while achieving best value through a transparent, fair and competitive process with a high focus on Customer Service.

- 1.1 This Policy outlines the processes to be followed in order to obtain the best value when purchasing goods, or contracting services for the Corporation of the City of London (herein after known as 'City').
- 1.2 The guiding principle is that procurement decisions will be made using a competitive process that is open, transparent and fair.
- 1.3 The City encourages innovation and the use of technology which meets City specifications and industry standards in order to ensure the utilization of the most efficient and effective procurement processes and practices.
- 1.4 The City will consider the total costs, including, but not limited to, acquisition, operating, training, maintenance, quality, warranty, payment terms, disposal value and disposal costs in evaluating competitive bids from responsive and responsible bidders. Where costs are submitted for more than one year, the net present value of the annual costs will be used to evaluate the costs at a discount value concurred by the City Treasurer.

The Purchasing and Supply function fully embraces the philosophy of continuous improvement and will continue to be a leader in advanced public procurement solutions that are quality focused and consider the 'Total Cost of Ownership' where possible.

The City encourages its supply chain partners to have similar quality considerations with their procurement of goods and services.

1.5 Sustainable Purchasing

Sustainable Purchasing is a framework for procurement decision-making that will contribute to the City of London's procurement objective to achieve best value for the City by considering the full life cycle of products and their complete economic, environmental and social costs and benefits.

The City of London recognizes that through its procurement function it has the power to bring about environmental and social improvements both locally and globally while maximizing economic benefits. The City is committed to maximizing sustainability benefits by engaging with the public marketplace and increasing the efficiency of procurement procedures and practice.

Sustainable Purchasing Purpose

The purpose is to:

- Embed environmental and ethical criteria into the City's procurement procedures and supply chain management processes and ensure cost effectiveness and competitive pricing.
- Set specifications for goods and services that achieve environmental benefits such as waste reduction, water conservation, energy conservation, and pollution prevention and increase the development and awareness of environmentally sound procurement, efficient and durable products, reusable products and products that contain post-consumer, recyclable, non-toxic, and/or nonpetroleum content.
- Ensure safe and healthy workplaces for the people who produce goods or supply services to the City of London by requiring suppliers to adhere to minimum performance standards with respect to fair labour practices and human rights, based on core labour conventions of the International Labour Organization (ILO), Canadian laws and other applicable environmental and ethical standards as defined in the City's Supplier Code of Conduct.
- Evaluate, as appropriate, products and services based on a full life cycle or total cost of ownership perspective that considers their complete economic, environmental and social costs and benefits.
- Evaluate, as appropriate, the sustainability performance of suppliers' internal operations and rewarding leadership and innovation among Suppliers who contribute to healthy, fair and safe workplaces and practice environmental stewardship.
- Strive to reduce the overall consumption of goods and services, where possible, through more efficient procurement procedures and practices.
- Enhance procurement practices to align with existing City sustainability initiatives, such as Leadership in Energy and Environmental Design (LEED) green building design and E3 Fleets.
- Advance a corporate culture at the City that recognizes and places a priority on sustainability.
- Adhere to the principles of public procurement by continuing to support a process that is open, fair, transparent and competitive and complying with all applicable trade agreements such as The Canadian Free Trade Agreement (CFTA).

Scope

This applies to the procurement of goods, services and construction by all Service Areas. Full implementation of the policy will be phased in over time.

Guidelines

A. Responsibilities

All City Service Areas, Offices and Agencies shall identify and purchase the most environmentally and socially responsible products and services that are available for the intended purpose at a competitive price and that meet the performance requirements. Environmental and social factors that should be considered include, but are not limited to:

- Minimization of virgin material use in product or service life cycle;
- Maximization of recycled products used in product or service life cycle;
- Environmental cost of entire product or service life cycle;
- Reuse of existing products or materials in product or service life cycle;
- Recyclability of product;
- Minimization of packaging;
- Reduction of energy/water consumption;
- Toxicity reduction or elimination;
- Elimination of uncertified hardwoods in product or service life cycle;
- Durability and maintenance requirements;
- Ultimate disposal of the product; and
- Adherence to the minimum social performance standards of the *Supplier Code of Conduct*

Purchasing & Supply staff shall adhere to the guidelines set forth in this policy when making purchasing decisions. Purchasing & Supply will be responsible for ensuring Suppliers comply with the minimum performance standards of the *Supplier Code of Conduct* and will participate in establishing annual action plans and targets, developing relevant tools and procedures, and reporting on annual performance.

City Service Areas shall assist Purchasing & Supply in its implementation of this policy by supporting training, information gathering, developing of environmental specifications, and evaluation of products and services and suppliers sustainability performance. End Users shall work with Purchasing & Supply to set product and service specifications and evaluate products and services based on these specifications.

B. Metrics and Reporting System

Sustainable purchasing performance indicators and annual targets will be defined. A reporting system will track performance against these indicators and report on achievement of targets.

C. Program Resourcing

Adequate resourcing (e.g. human and financial) will be assessed regularly to ensure successful implementation of the Sustainable Purchasing Policy.

D. Phased Implementation

Sustainable Purchasing will be phased in over time through the selection of priority products and service based on a defined set of selection criteria (e.g. cost saving potential, sustainability impacts, market availability).

1.6 Supplier Code of Conduct

The Supplier Code of Conduct sets the minimum performance standards for Suppliers and their subcontractors and supports the City of London's Sustainable Purchasing. The goal of the Supplier Code of Conduct is to ensure safe and healthy workplaces for the people who make goods, services and construction for the City, where human and civil rights conditions meet internationally agreed upon standards.

The Supplier Code of Conduct will ensure that Suppliers are in compliance with the International Labour Standards (i.e. core labour conventions) of the International Labour Organization (ILO), Canadian laws and other applicable environmental and ethical standards. The City will apply the Supplier Code of Conduct as one of the criteria used in its selection of Suppliers. It is a requirement that City Suppliers and their sub-contractors follow this code.

Compliance Requirements

City Suppliers and their sub-contractors must strive to comply with all national and other applicable laws of the country(ies) of operations or applicable to the manufacturing of goods or delivery of services, including, but not limited to those laws relating to working conditions, human rights, health and safety and the environment. For goods and services produced in Canada, Canadian laws will apply. For goods and services produced outside of Canada, and where foreign national laws and the Supplier Code of Conduct address the same issue, the standard that is most stringent will apply, thereby ensuring that all Suppliers, regardless of their place of operation, are meeting a consistent set of minimum performance standards related to human rights and fair workplace practices. The application of the Supplier Code of Conduct will be phased in over time.

Minimum Performance Standards

The following nine standards are based on the ILO International Labour Standards (i.e. labour conventions) that directly support the Universal Declaration of Human Rights and address the worst forms of child and forced labour. These core conventions set out reasonably achievable minimum standards for working conditions in manufacturing facilities and factories internationally. The ILO International Labour Standards are available online at: <http://www.ilo.org>

a. Freely Chosen Employment

The Supplier shall employ workers who choose to be employed by the Supplier's company. The Supplier shall not use any forced, bonded or indentured labour or involuntary prison labour. All work shall be voluntary, and workers shall be free to leave upon reasonable notice.

b. Child Labour

The Supplier shall commit to a zero-tolerance policy toward the use of child labour in any stage of manufacturing. The term "child" refers to any person under the age of 15 (or 14 where the law of the country of manufacture allows). Workers under the age of 18 shall not perform work that is likely to jeopardize the health or safety of young workers. The use of legitimate workplace apprenticeship programs, which comply with all laws and regulations, is permitted.

c. Non-discrimination and Diversity

The Supplier shall promote cooperation, individual responsibility and acceptance of diversity among its employees. The Supplier and its employees shall not engage in discrimination based on race, colour, age, gender, sexual orientation, ethnicity, disability, place of origin, ancestry, source of income, pregnancy, religion, political affiliation, union membership, family status or marital status in hiring and employment practices such as promotions, rewards, and access to training. In addition, workers or potential workers should not be subjected to medical tests that could be unlawfully used in a discriminatory way.

d. Health and Safety

Workers will be provided with a safe and healthy work environment. Conditions in all work and residential facilities shall be safe, clean, and consistent with all applicable laws and regulations regarding occupational health and safety. The Supplier shall adequately inform employees of their health and safety guidelines in terms of equipment, training, management, and work practices.

e. Employee Treatment, Harassment and Abuse

The Supplier's employees shall be treated with respect and dignity and Supplier's disciplinary policies and procedures shall be clearly defined and communicated to employees before application. There shall be no harsh and inhumane treatment, including any physical, sexual, psychological, verbal harassment or abuse, or corporal punishment; nor is there to be the threat of any such treatment.

f. Freedom of Association and Collective Bargaining

The Supplier shall work directly with employees to find solutions to any outstanding legal and employment issues while at all times respecting worker rights to obtain representation, join labour unions, and/or bargain collectively. Workers shall be able to

communicate openly with management regarding working conditions without fear of reprisal, intimidation or harassment.

g. Wages and Benefits

Compensation paid to workers shall comply with all applicable wage laws, including those relating to minimum wages, overtime hours and legally mandated benefits. Employees shall be compensated for overtime hours at such premium rate as is legally required in the country of manufacture or, in those countries where such laws do not exist, at a rate at least equal to their regular hourly compensation rate. Deductions from wages as a disciplinary manner is not permitted and payment shall occur in a timely manner with record of payment (e.g. pay stub).

h. Hours of Work

The Supplier shall ensure regular working hours do not exceed forty eight (48) hours per week, and that the combination of regular hours and required overtime hours do not exceed sixty (60) hours per week except in emergency circumstances.

i. Environmental Responsibility

Suppliers shall take responsibility to reduce the environmental impact of their products and services as well as their overall operations or 'in-house' practices (e.g. energy conservation in their buildings). Suppliers must not be in violation of any national environmental regulations and should be striving to meet third-party standards.

2.0 General Provisions

- 2.1 Unless otherwise provided in accordance with this Policy, the Manager of Purchasing and Supply and the authorized employees of Purchasing and Supply shall act for the City, for the purchase and disposal of all goods and/or services and shall be responsible for providing necessary advice and services required for such purchases and/or disposals in accordance with the method of purchase authorized by this Policy.
- 2.2 No purchase of goods and/or services shall be authorized unless it is in compliance with this Policy. Goods and/or services that are obtained without following the provisions of this Policy will not be accepted, and any invoices received may not be processed for payment.
- 2.3 Unless otherwise provided in accordance with this Policy, the purchase of all goods and/or services shall be authorized in accordance with the provisions of Schedule "A" to this Policy.
- 2.4 Requisitions or purchase orders shall not be arbitrarily structured to alter the relationship of the price to the preauthorized expenditure limit.

- 2.5 The procedures prescribed in this Policy shall be followed to make an award or to make a recommendation of an award to Committee and City Council.
- 2.6 Wherever possible, it should be the intent of the client service areas to procure goods and/or services of like nature as a combined effort in order to benefit from economies of scale.
- 2.7 During the public procurement process, internal City bids will not be considered as the analysis of in-house versus out-source (procurement) will be made prior to any such process.
- 2.8 Definitions specific to this Policy are documented in Section 3.
- 2.9 The City recognizes that mistakes and misunderstandings may occur; bidders may feel aggrieved and may seek to dispute the recommendation of an award of a contract. To maintain the integrity of the process, bidders who believe they have been treated unfairly can make this known by contacting the Manager of Purchasing and Supply prior to the award of the contract. The bidder must file the formal dispute for an appeal in writing within two (2) City of London business days of notification to the bidder by the City that their bid is not acceptable and request a hearing meeting with the Manager of Purchasing and Supply (or delegate). This meeting must be held within seven (7) City of London business days of notification. If the bidder disagrees with the decision of the hearing meeting the next step is to formally appeal to the City Treasurer (or delegate) in writing within seven (7) City of London business days. If the bidder disagrees with the decision of the City Treasurer, the next step is to formally appeal in writing to the City Clerk within seven (7) City of London business days. The Corporate Services Committee will hear the appeal and make a recommendation to Council regarding the dispute. City Council's decision on the Committee's recommendation is final.

The City may, in its absolute sole discretion, reject any other bids submitted if the bidder, or any officer or Managing Director of the bidder is or has been engaged, either directly or indirectly through another Corporation or personally, in/or during a dispute appeal of decision for the contract award action against the City.

In determining whether or not to reject a bid under this clause, the City will consider delays in awards of this or subsequent City contracts and whether the dispute or appeal is likely to affect the bidder's ability to work with the City, its consultants and representatives, and whether the City's experience with the bidder indicates that the City is likely to incur increased staff and legal costs in the administration of the contract if it is awarded to the bidder. The City will also consider delays in awards of subsequent City contracts with other contractors and the potential for those additional costs resulting in delays associated with this dispute/appeal.

There are strict time limits to file a dispute appeal. If the bidder is unsure of the deadline for appeal, they must seek direction from the Manager of Purchasing and Supply. Failure to seek and follow these directions will result in the appeal being dismissed.

- 2.10 This Policy will be reviewed and revised on a periodic basis. It is anticipated that reviews will be conducted every five (5) years or more frequently as required.
- 2.11 Goods and/or services NOT subject to this Policy are listed in Schedule "B". The final determination of whether goods and/or services qualify for exemption under Schedule "B" shall be determined by the City Treasurer (or delegate).
- 2.12 Additional information on the administration of the procurement process can be found in Schedule "E" entitled Materials Management Guidelines.
- 2.13 Where a Service Area does not involve the complete utilization of the City's Purchasing and Supply Division as the procurement agent (e.g., small value contracting, or call-ups under the standing offer agreement, or user-administered tenders) then the Service Area is responsible for: Disclosing designated substances; Including designated substance and asbestos clauses in the tender/contract documents (Refer to Asbestos Management Program Appendices), and providing Pre-Demolition, Alteration or Renovation surveys to include pre-existing designated substance information.
- 2.14 In accordance with Ontario Regulation 191/11 under the Accessibility for Ontarians with Disabilities Act, 2005 (AODA) as amended, the City of London shall consider accessibility criteria and features when procuring or acquiring goods, services, or facilities, except where it is not practicable to do so. In which case, an explanation will be provided upon request.
- 2.15 No purchase of goods and services associated with computer software, hardware and/or telecommunications equipment will be authorized without the completion of appropriate Information Technology reviews as determined by Information Technology Services and the authorization, in writing, of the Director, Information Technology Services (or delegate).
- 2.16 When Grants or Stimulus Funding are received by the City, the use of that funding for Procurements is subject to the Procurement of Goods and Services Policy, notwithstanding any specific conditions placed by the provider.

The procurement may be conducted using a Single Source process if the goods and/or services are available from more than one source, but there are valid and sufficient reasons for selecting one supplier in particular, as follows:

- a. An attempt to acquire the required goods and/or services by soliciting competitive bids has been made in good faith, but has failed to identify more than one willing and compliant supplier;
- b. The confidential nature of the requirement is such that it would not be in the public interest to solicit competitive bids;

- c. Construction, renovations, repairs, maintenance etc. in respect of a building leased by the City may only be done by the lessor of the building, in accordance with a lease agreement;
- d. There is a need for compatibility with goods and/or services previously acquired or the required goods and/or services will be additional to similar goods and/or services being supplied under an existing contract (i.e. contract extension or renewal);
- e. The required goods and/or services are to be supplied by a particular supplier(s) having special knowledge, skills, expertise or experience;
- f. The goods are purchased under circumstances which are exceptionally advantageous to the City, such as in the case of a bankruptcy or receivership;
- g. It is advantageous to the City to acquire the goods or services from a supplier pursuant to the procurement process conducted by another public body;
- h. It is advantageous to the City to acquire the goods or services directly from another public body or public service body;
- i. Another organization is funding or substantially funding the acquisition and has determined the supplier, and the terms and conditions of the commitment into which the City will enter are acceptable to the City;
- j. The acquisition is for a particular brand of goods or services that are intended solely for resale to the public and no other brand is desirable and the brand is not available from any other source; or
- k. Where due to abnormal market conditions, the goods, services or construction required are in short supply.

14.5 Sole Source and Single Source – Approval and Reporting

- a. Awards which qualify to be considered as a Single Source or Sole Source process require the following approval:
 - i. the Managing Director and Manager of Purchasing and Supply, must jointly approve an award not exceeding \$50,000;
 - ii. Committee and City Council must approve an award greater than \$50,000, unless otherwise permitted by this Policy.

15.0 Appointment of Professional Consulting Services

15.1 General

- a. Senior management staff will be involved in the selection process for Professional Consulting Services. Specifically, Division Managers are to be involved with all projects, and Managing Directors and the City Manager, as appropriate for high-profile projects of increasing complexity or expense.
- b. Under no circumstances shall an extension or expansion of a consulting engagement preclude the required approvals. This includes splitting the project or scope of work into multiple phases or sections. City Council has sole authority to approve and award contracts greater than \$100,000.
- c. If a consulting engagement that has been awarded administratively then exceeds the approval threshold of \$100,000, the Managing Director shall immediately prepare a report to City Council providing a status update and requesting approval to proceed (if applicable).
- d. The Managing Director shall be responsible for ensuring that any substantive clause changes to the standard consulting services agreement are reviewed by the City Solicitor (or delegate) and the agreement is executed by the Mayor and Clerk.
- e. The Managing Director shall be responsible for obtaining and submitting the appropriate insurance and WSIB documents to Risk Management.
- f. The Managing Director shall be responsible for ensuring that all proposal responses and decision making rationale are retained in the client Service Area files in accordance with City Council approved by-laws for records retention, or a minimum of two (2) years.
- g. The Managing Directors shall provide the Manager of Purchasing and Supply, on an annual basis, no later than March 1, administrative awards made in their area to any Professional Consulting Service firms (Sections 15.2 and 15.3) with an aggregate total greater than \$100,000. The Manager of Purchasing and Supply shall coordinate data collection and prepare an annual Appointment of Professional Consulting Services report for submission to City Council, no later than April 30.

15.2 Consulting Engineers, Architects, Landscape Architects and Environmental Consultants

The selection of Professional Consulting Services will follow the requirements of Section 15.1; and

- a. The City's appointment of Consulting Engineers, Architects, Landscape Architects and Environmental Consultants Policy is adapted from the National

Best Practice for Consultant Selection as described in more detail in the current council adopted City of London Grouped Consultant Selection Process.

- b. A list of pre-approved firms (Consulting Engineers, Architects, Landscape Architects and Environmental Consultants) that provide professional consulting services shall be established by the Managing Director for their respective areas. This candidate firm list shall be supplied to the Manager of Purchasing and Supply on an annual basis, no later than March 1.
- c. Assignments for projects which have estimated fees of less than \$100,000 shall be awarded by the Managing Director to listed candidate firms based on an evaluation of the firm's competency, expertise, costs, past performance on City projects, available capacity, and the size of their operation and the particulars of the work to be done.
- d. Assignments for projects which are more complex in nature but which are within the capability of firms included on the above-mentioned pre-approved list and have estimated fees between \$100,000 and the CETA threshold for goods and services limit as amended, shall be assigned on the basis of a proposal submitted by a minimum of three (3) qualified firms from the list stating their approach to the proposed project and their experience and knowledge of projects of a similar nature. Grouped Consultant Selection process may be undertaken for more than one project if the projects are similar in nature, the consultants possess the skills necessary to undertake this type of work and efficiencies are realized by the City. The process for undertaking grouped consultant selections is further described in the latest version of the council adopted City of London Grouped Consultant Selection Process.
- e. Assignments for complex projects, or projects with estimated consulting fees greater than the CETA threshold for goods and services limit as amended, shall be awarded based on a two (2) stage process with the first stage being an open, publicly advertised expression of interest/pre-qualification stage (REOI/RFQUAL), and the second being a RFP of the short-listed firms, of which there shall be a minimum of three (3) qualified firms stating their approach to the proposed project and their experience and knowledge of projects similar in nature.
- f. The assignments outlined in parts d) and e) above and their related budget shall be subject to the approval of City Council. Prior to award by City Council, City staff will negotiate with the recommended consultant to establish estimated personnel costs and other charges required for these assignments. It is anticipated that an upset fee will be established for the first phase of the project as directed by the Managing Director. City Council approval will be for the entire project noting that the consultant shall obtain the approval of the appropriate

Managing Director to proceed with subsequent phases to upset limits as appropriate to the work within the limit of the budget.

- g. A consulting firm which has satisfactorily partially completed a project may be recommended for award of the balance of a project without competition subject to satisfying all financial, reporting and other conditions contained within this Policy. This should be to the financial advantage of the City due to the fact that such a consultant has specific knowledge of the project and has undertaken work for which duplication would be required if another firm were to be selected.

15.3 Other Professional Consulting Services

The selection of Professional Consulting Services which are not included under Section 15.2 will follow the requirements of Section 15.1; and

- a. Projects which have estimated fees of less than \$100,000 may be awarded by the Managing Director in consultation with the Manager of Purchasing and Supply under the following circumstances:

 - v. the project requirement meets the definition of Sole Source, Section 14.3.
- b. The Managing Director is responsible for detailing the rationale supporting their decision to award the recommended firm.

16.0 Blanket Purchase Contracts

- 16.1 A Request for a Blanket Purchase Contract may be used where:
 - a. One (1) or more clients repetitively order the same goods or services and the actual demand is not known in advance; and
 - b. A need is anticipated for a range of goods and/or services for a specific purpose, but the actual demand is not known at the outset, and delivery is to be made when a requirement arises.
- 16.2 Purchasing and Supply shall establish and maintain Blanket Purchase Contracts that define source and price with selected suppliers for all frequently used goods or services.
- 16.3 To establish prices and select sources, Purchasing and Supply shall employ the provisions contained in this Policy for the acquisition of goods and/or services and construction labour and materials.
- 16.4 More than one (1) supplier may be selected for the supply of goods or services where it is in the best interests of the City.
- 16.5 Where procurement action is initiated by a Service Area for frequently used goods or services, it is to be made with the supplier or suppliers listed in the Blanket Purchase Contract.
- 16.6 In a Request for Blanket Purchase Contract, the expected quantity of the specified goods or services to be purchased over the time period of the agreement will be as accurate an estimate as practical and be based, to the extent possible, on previous usage adjusted for any known factors that may change usage.

17.0 Requirement for Approved Funds

- 17.1 The exercise of authority to award a contract is subject to the identification and availability of sufficient funds in appropriate accounts within City Council approved budget.
- 17.2 Where goods and/or services are routinely purchased or leased on a multi-year basis, the exercise of authority to award a contract is subject to:

- a. The identification and availability of sufficient funds in appropriate accounts for the current year within City Council approved budget;
- b. The requirement for the goods or services will continue to exist in subsequent years and, in the opinion of the City Treasurer, the required funding can reasonably be expected to be made available; and
- c. The contract containing a provision that the supply of goods or services in subsequent years is subject to the approval by Committee and City Council of the Service Area estimates to meet the proposed expenditures.

17.3 Construction Tender Call Before and After Approvals

- a. Following the adoption of the capital budget by City Council, the Manager of Purchasing and Supply is authorized to call tenders for municipal construction projects and the acquisition of equipment.
- b. Notwithstanding Section 17.3.a., the Manager of Purchasing and Supply is authorized to obtain, prior to the adoption of the capital budget by City Council, sealed bids for material construction projects and equipment, provided that the documents include a clause specifically stating that the acceptance of a bid and placing of the order is subject to budget approval by Committee and City Council and the items specified are subject to change in quantity and/or deletion.

18.0 Purchasing Cards

18.1 General

- a. Service Area approved employees will be issued Purchasing Cards to use for low-dollar purchases of goods and/or services in support of sound business practices. Purchasing Card provision is based on the need to purchase goods and services for the City and the card may be revoked based on change of assignment or location. The provision of a Purchasing Card is not an entitlement nor reflective of title or position. Cardholders should be mindful that the Purchasing Card is a credit card and the transactions charged to it are ultimately paid for with public funds.
- b. Benefits of the Corporate Purchasing Card program accrue at the Corporate Finance level by reducing the number of invoices and cheques processed at the supplier level by reducing their invoicing to the City, and the turnaround time for payment.
- c. No employee shall use a Purchasing Card to purchase goods and/or services unless appointed and authorized by the employee's Managing Director (or delegate). Any use of a Purchasing Card shall be in accordance with the

Procurement of Goods and Services Policy and all other applicable City by-laws and policies. The requirements for low dollar purchases are specifically covered under Section 9 of the Procurement of Goods and Services Policy. Managing Directors are ultimately responsible for ensuring that purchases within their Service Area are made in accordance with the applicable by-laws and policies.

- d. A Purchasing Card will be issued once the employee has read, signed and submitted the Cardholder Responsibility-Acknowledgement Form to the Program Administrator, which sets out in writing the employee's responsibilities and restrictions regarding the use of the Purchasing Card.
- e. All Purchasing Cards issued will have a predetermined 'single transaction limit', a 'monthly credit limit' and 'blocked commodities' as determined and authorized by the applicable Managing Director (or delegate) and the City Treasurer. All Purchasing Cards will be blocked from obtaining cash advances. (Cash advances may be permitted in the event of an emergency as deemed necessary and pre-approved by the Cardholder's Managing Director).
- f. The dollar limit for individual purchases and monthly spending limit for each employee will be determined by the Managing Director (or delegate) of their Service Area based on their expected level of procurement and type of procurement. Cardholder limits for single or monthly transactions exceeding the low dollar procurement threshold set out in section 9 of this policy must be approved in writing by the Manager of Purchasing and Supply and fall within a predetermined limit structure.
- g. Suppliers will not be rejected for refusing to accept the Purchasing Card.
- h. The City assumes liability for all authorized charges on the Purchasing Cards, not the individual cardholder.

18.2 Program Administration, Audit and Monthly Reconciliation

- a. Oversight and administration of the Purchasing Card program is the responsibility of Financial Services and a Program Administrator has been identified in this area. The Program Administrator will maintain a master list of all Purchasing Cards and their limits. In addition, the Program Administrator will establish reporting mechanisms for monthly reconciliation of accounts.
- b. All transactions are subject to review by internal and/or external audit groups. Quarterly reviews to ensure compliance with the Procurement of Goods and Services Policy will be performed by the Manager of Purchasing and Supply. Periodic reviews to ensure compliance with other approved Council by-laws and policies will be performed by Financial Services. All serious compliance issues will be reported to the City Treasurer and Internal Auditor. Less significant

compliance issues will be directed to the cardholder's supervisor/manager. A record of all compliance issues will be maintained by the Program Administrator.

- c. All requests for Purchasing Cards, maintenance forms and other documents are to be submitted to the Program Administrator for review and processing. Cardholder or cardholder representatives are not permitted to submit forms directly to the bank. All original cardholder agreements and other cardholder maintenance forms are to be maintained by the Program Administrator.
- d. Payment will automatically be withdrawn from the General Operating Bank Account following the monthly statement date. If individual cards have not been reconciled and approved for payment by the deadline each month, expenditures will be charged directly to the default cost center attached to the card. The Cardholder, with the assistance of Service Area representatives; are responsible to ensure that the statement is submitted and the expenditures are allocated to the correct general ledger accounts.
- e. Reconciled and authorized monthly statements are to be submitted to Corporate Finance no later than the last working day of the month. Each transaction must include an explanation or purpose of the expenditure. Prior to approval, the Cardholder is responsible for detecting and addressing merchant errors or fraudulent activity appearing on the monthly statement.
- f. Cardholders shall provide original detailed and itemized receipts for each transaction with the monthly cardholder statement. If circumstances arise where a detailed receipt cannot be obtained, a Declaration Form may be submitted in place of a detailed receipt. Declaration Form limits and procedures shall be determined by the City Treasurer (or delegate).

18.3 Responsibilities and Restrictions

- a. The Purchasing Card shall not be used:
 - i. for any purchase of goods and/or services that are prohibited under the Procurement of Goods and Services Policy any other City by-law or policy;
 - ii. for personal use other than incidental personal use as part of a business expense, which must be reimbursed at the time of the monthly reconciliation;
 - iii. when the total purchase price exceeds the single purchase limit on the card;
 - iv. when an exclusive contract with another supplier is in effect for the goods and/or service (unless pre-authorized in writing by the Manager of Purchasing and Supply);

- v. for items which are stocked at Supply Services except under extenuating circumstances;
 - vi. for any computer software, hardware and/or telecommunications equipment such as telephones, cellular phones, tablets and mobile radios except by designated staff in Information Technology Division authorized by the Director, Information Technology Services (or delegate); and
 - vii. for the purchase of services involving contractors.
- b. The following items require pre-authorized written approval by the cardholder's Managing Director:
- i. The purchase of prepaid gift cards, prepaid gift certificates, prepaid grocery cards, or any other prepaid merchant cards; or
 - ii. The purchase of alcohol while on City business, team building, employee appreciation, or otherwise. Note: alcohol purchased for resale to the public at City facilities (e.g. Golf Courses) is exempted from this specific restriction.

A copy of the written approval must be included with the monthly statement when submitted to Financial Services.

- c. Individual transactions are not to be subject to splitting or stringing, which is the practice of committing multiple purchasing card transactions to circumvent delegated authority levels and thus bypassing the City's competitive bidding process, nor are Purchasing Cards to be used on a repetitive basis to circumvent prescribed approval authority limits. With the appropriate approvals, cardholder limits may be increased either temporarily or permanently based on need by contacting the Program Administrator or submitting an authorized Cardholder Maintenance Form.
- d. All refunds and credits must be applied to the original Purchasing Card. Where supplier return policies allow, cardholders are not to return products for refunds in the form of cash, gift cards or other prepaid cards.
- e. Permanent full-time employment status is required to obtain a Purchasing Card. Students, contractors, consultants or seasonal employees will not be granted a card except under special circumstances and approved in writing by the City Manager.
- f. The Purchasing Card is user-specific and therefore no employee shall attempt to purchase an item using a card issued to another employee. Delegation of authority is not permitted in making transactions.

- g. The cardholder's supervisor/manager is responsible for notifying the Program Administrator immediately upon any change in the cardholder's employment status. This includes, but is not limited to termination, layoff, leave of absence and long term disability. If applicable, the plastic card should also be returned to the Program Administrator.
- h. Employees will adhere to the Corporation's Code of Conduct, An example of prohibited behaviour includes using one's position with the Corporation to secure advantage, benefit, favour, additional compensation and/or service for including but not limited to, oneself, relatives, friends or associates. This includes the selection of a supplier based upon 'air miles' or 'reward points' that reward customers for purchases.
- i. When a Purchasing Card is used to procure goods and/or services (including meals or items that would be considered personal in nature) and two (2) or more City employees are present, the most senior person in organizational authority must pay for the expenditure and prepare the respective monthly cardholder statement. If this is not feasible, the cardholder statement listing the expenditure shall be approved by the manager or Expense Review Officer, as outlined in the Corporate Travel and Business Expense Policy of the most senior person in authority present.

18.4 Purchasing Card Security and PIN

Cardholders must protect and maintain security on the Purchasing Card by:

- a. safeguarding the Purchasing Card and PIN;
- b. not sharing the Purchasing Card with another individual;
- c. not leaving the Purchasing Card information with merchants unless authorized by the Manager of Purchasing and Supply; and
- d. not referencing Purchasing Card account numbers and expiry dates in emails.

18.5 Misuse and/or Failure to Meet Cardholder's Responsibilities

Misuse of the Purchasing Card and/or failure to meet any of the Cardholder's responsibilities may result in cancellation of the employee's authority to use a Purchasing Card and/or further disciplinary action up to and including termination of employment.

19 Bid Administration

19.1 Submission of Bids

The City uses an electronic bidding system. The bidding rules are contained within the system.

19.2 Bid Irregularities

Where a bid is received that includes irregularities, the City will follow the protocol as appropriate for the particular irregularity. The protocol for bid irregularities and their associated responses are detailed in Schedule "C". Mandatory Requirements MUST be met or there will be an Automatic rejection.

19.3 No Acceptable or Equal Bids

- a. Where bids are received that exceed budget, are not responsive to the requirement, or do not represent fair market value, a revised competitive bid shall be issued in an effort to obtain an acceptable bid unless Section 19.3.b applies.
- b. The Managing Director and the Manager of Purchasing and Supply jointly may waive the need for a revised competitive bid and enter into negotiations with the lowest responsive bidder, emanating from a competitive bid, under the following circumstances:
 - i. the total cost of the lowest responsive bid is in excess of the funds appropriated by City Council for the project; and
 - ii. the Managing Director and the Manager of Purchasing and Supply agree that the changes required to achieve an acceptable bid will not change the general nature of the requirement described in the competitive bid.
- c. The method of negotiation shall be those accepted as standard negotiating procedures that employ ethical public procurement practices in consultation with the Manager of Purchasing and Supply.
- d. In the case of building construction contracts, where the total cost of the lowest responsive bid is in excess of the appropriation made by City Council, negotiations shall be made in accordance with the guidelines established by the Canadian Construction Documents Committee and in consultation with the Manager of Purchasing and Supply.
- e. The City reserves the right in its absolute and sole discretion to cease negotiations and reject any offer.
- f. In the unlikely event that two (2) or more compliant equal bids are submitted during a competitive bid process, Purchasing and Supply will offer an opportunity for bidders to re- bid. Should a tie persist, the following factors will be considered:
 - i. payment discount;

- ii. when delivery is an important factor, the bidder offering the best delivery date is given preference;
- iii. a bidder in a position to offer better after sales service, with a good record in this regard shall be given preference;
- iv. a bidder with an overall satisfactory performance record shall be given preference over a bidder known to have an unsatisfactory performance record or no previous experience with the City; and
- v. if the considerations above do not break the tie, equal bidders shall draw straws in no preferential order held by the Manager of Purchasing and Supply (or delegate) and witnessed by a member of the Purchasing and Supply Team. The bidder who draws the longest straw will be the winner, and thus breaking the tie.

19.4 Only One Bid Received

- a. In the event only one bid is received in response to a competitive bid, the Manager of Purchasing and Supply may return the unopened bid to the bidder when, in the opinion of the Managing Director (or delegate) and the Manager of Purchasing and Supply, using criteria, based on the number of bids which might reasonably be expected on a given type of bid, additional bids could be secured. In returning the unopened bid, the Manager of Purchasing and Supply shall inform the bidder that the City may be re-issuing the competitive bid at a later date.
- b. In the event that only one bid is received in response to a request for competitive bid, the bid may be opened and evaluated in accordance with the City's usual procedures when, in the opinion of the Managing Director (or delegate) and the Manager of Purchasing and Supply, the bid should be considered by the City. If, after evaluation by the Managing Director (or delegate) and the Manager of Purchasing and Supply, the bid is found not to be acceptable, they may follow the procedures set out in Section 19.3.a., with necessary modifications.
- c. In the event that the bid received is found acceptable, it will be awarded as an Irregular Result under Schedule "A" of this Policy.

19.5 Exclusion of Bidders Due to Poor Performance

- a. The City Treasurer may, in consultation with the City Solicitor, prohibit unsatisfactory suppliers and contractors from bidding on any future competitive bids for a time period appropriate with the results of the performance evaluation process as outlined in Section 20.5.
- b. Suppliers may also be prohibited from bidding on any future contract if they maintain officers, Managing Directors, or employees who are also officers, Managing Directors, or employers of suppliers who have already been prohibited

from bidding based on the results of the performance evaluation process as outlined in Section 20.5 of this Policy.

19.6 Exclusion of Bidders in Litigation and disputes or appeals of contract awards

- a. The City may, in its absolute sole discretion, reject a bid submitted if the bidder, or any officer or Managing Director of the bidder is or has been engaged, either directly or indirectly through another Corporation or personally, in a legal action against the City, its elected or appointed officers and employees in relation to:
 - i. any other contract or services; or
 - ii. any matter arising from the City's exercise of its powers, duties, or functions; or
 - iii. a dispute and/or an appeal of contract awards as per section 2.9.
- b. In determining whether or not to reject a bid under this clause, the City will consider whether the litigation is likely to affect the bidder's ability to work with the City, its consultants and representatives, and whether the City's experience with the bidder indicates that the City is likely to incur increased staff and legal costs in the administration of the contract if it is awarded to the bidder.

20 Contract Administration

20.1 Contractual Agreement

 - ii. any price increases are consistent with the prevailing market conditions for the goods or services being purchased;
 - iii. the facts justifying the decision to award this supplier previously are still relevant at the time of contract renewal;
 - iv. funds are available or will be available in appropriate accounts within City Council approved budget, including authorized revisions, to meet the proposed expenditure;
 - v. The Committee report, if applicable, clearly identified the options to extend;
 - vi. the Managing Director and the Manager of Purchasing and Supply agree that the exercise of the option is in the best interest of the City; and

- d. Managing Directors are responsible for executing and retaining all documents in accordance with Section 10.3.e of this Policy.

20.5 Performance Evaluation

- a. At the outset of a project, the client Service Area manager shall institute a performance evaluation process in contracts where the Manager and/or Purchasing and Supply determine that a performance evaluation would be appropriate.
- b. The performance evaluation shall rate the performance of the supplier, contractor or consultant on standard criteria adopted from time to time (i.e. failure to meet contract specifications, terms and conditions, health and safety violations, etc.). A copy of the introductory letter and performance evaluations shall be provided to the supplier, contractor or consultant in advance of the contract, and shall remain constant for the duration of the contract. Performance issues must be noted in writing with a copy to the supplier, Purchasing and Supply and a copy to the Service Area project file. Performance issues must also be noted in any project meeting minutes.

- c. On completion of the project, the client Service Area manager will meet with Purchasing and Supply to review the evaluation. All supporting documents pertaining to any substandard performance and comments must be attached to the evaluation document. Purchasing and Supply will forward a copy of the completed evaluation to the supplier, contractor or consultant for their records. The supplier, contractor or consultant may request a meeting with the client Service Area manager and a representative from Purchasing and Supply to discuss the evaluation and shall have twenty (20) calendar days following delivery of the evaluation to request an appeal. This appeal shall be forwarded to Purchasing and Supply.
- d. The appeal shall be conducted by a dispute committee which will hear from both City staff or its consultants and the supplier at a time and place appointed in writing by the Committee. The decision of the Dispute Committee shall be in writing and it shall be final.
- e. The performance evaluation shall determine whether a supplier, contractor or consultant will:

- b. All records and information pertaining to competitive bids, which reveal a trade secret or scientific, technical, commercial, financial or other labour relations information, supplied in confidence implicitly or explicitly, shall remain confidential if the disclosure could reasonably be expected to:
 - i. significantly prejudice the competitive position or significantly interfere with the contractual or other negotiations of a person, corporation or other entity that responds, or intends to respond to a request for bids;
 - ii. result in similar information no longer being supplied to the City where it is in the public interest that similar information continues to be so supplied;

SCHEDULE “D” - Statement of Ethics for Public Purchasers

The Ontario Public Buyers Association’s Code of Ethics is based upon the following tenets and all employees who are authorized to purchase goods and/or services on behalf of the City are to adhere to the following:

1. Open and Honest Dealings with Everyone who is Involved in the Purchasing Process. This includes all businesses with which this City contracts or from which it purchases goods and/or services, as well as all members of our staff and of the public who utilize the services of the Purchasing and Supply Team.
2. Fair and Impartial Award Recommendations for All Contracts and Tenders. This means that we do not extend preferential treatment to any supplier, including local companies. Not only is it against the law, it is not good business practice, since it limits fair and open competition for all potential suppliers and is therefore a detriment to obtaining the best possible value for each tax dollar.
3. An Irreproachable Standard of Personal Integrity on the Part of All Those Delegated as Purchasing Representatives for This City. Absolutely no gifts or favours are accepted by the purchasing representatives of this City in return for business or the consideration of business. Also, the purchasing representatives of this City do not publicly endorse one company in order to give that company an advantage over others.
4. Cooperation with Other Public Agencies in Order to Obtain the Best Possible Value for Every Tax Dollar. The City is a member of a cooperative purchasing group. Made up of several public agencies, this group pools its expertise and resources in order to practice good Value Analysis and to purchase goods and/or services in volume and save tax dollars.
5. Continuous Development of Purchasing Skills and Knowledge. All members of the Purchasing and Supply Team take advantage of the many opportunities provided by the Ontario Public Buyers Association to further their knowledge of good public purchasing principles and to maintain excellent skills.
