663 Bathurst Street
London, Ontario N5Z 1P8
Telephone: 519-661-CITY (2489), ext. 4457

Instructions

Fee Schedule

1. This process pertains to an application to Injure and/or Destroy Tree(s) and/or Trees, for Forestry Management, within a Tree Protection Area as defined by Schedule ‘D’ of the By-law, as may be amended from time to time.
2. There are different fees for each type of application. The fee structure is outlined below.

Please DO NOT submit any fees with your application. You will be advised by City staff, after a review of your application and the Tree(s), if fees are payable, and where and how to pay.

Nature of Application	Fee
Injure or Destroy any Tree that the City Planner accepts is hazardous	\$0
Injure or Destroy any Tree where that injury, or destruction is required under any Court Order or an Order issued in accordance with an Act or Regulation or other By-Law	\$0
Remove any Tree that is fallen, falling or dead or dying, from natural causes	\$0
Injure or Destroy one to three living Trees within a Tree Protection Area	Less than 50cm diameter: \$75/Tree More than 50 cm diameter: \$100/Tree
Injure or Destroy four or more living Trees within a Tree Protection Area	Less than 50cm diameter: \$75/Tree More than 50cm: \$100/Tree Up to a maximum of \$1,000

City of London contact information

Please complete the following information. If you require assistance, City staff may be contacted by telephone at 519-661-CITY (2489), extension 4457 or by e-mail to treeprotection@london.ca

Once this application has been completed, please submit it by **one** of the following options:

1. Scanned and sent by e-mail to treeprotection@london.ca
2. Mailed to Urban Forestry, A.J. Tyler Operations Centre, 663 Bathurst Street, London, Ontario, N5Z 1P8
3. In person, to Urban Forestry, A.J. Tyler Operations Centre, 663 Bathurst Street, London, Ontario between the hours of 8:30 a.m. and 4:30 p.m. Monday – Friday

After Submission

Upon receipt, your application will be reviewed and you will be contacted by City staff. By submitting this application, the City will deem you to have consented to a member of City staff visiting the property between 8 a.m. and 5 p.m. (Monday - Friday) to inspect the Tree(s), whether you are present or not. Every effort will be made to conduct the visit at a mutually convenient time.

To assist staff, it would be helpful if you could attach coloured flagging tape, ribbon or a piece of material - either around the trunk or around a branch - at a visible height to each Tree subject to this application. Please do not mark the Tree in any way which could cause injury, such as slashing bark from the Tree.

Right to Appeal

The Applicant has the right to appeal and request a Hearing with a Hearings Officer if the Municipality fails to make a decision on an application within 60 days after a complete application is received by the City Planner; or within 30 days if your application is denied and no permit is issued; or within 30 days if a permit is issued subject to condition(s) and you wish to appeal against the condition(s). A request by an Applicant for a Hearing shall be made in writing and filed with the City Clerk. The request shall consist of a notice of appeal, a Hearing Fee as prescribed by Schedule 1 of the Fees and Charges By-law A-53 (Sundry Receipts), and must comply with the requirements set out in Schedule 1 of the City's Hearings Officer By-law A-6653-121. To obtain the form to request a Hearing please contact the City Clerk, or email Forestry staff at treeprotection@london.ca

LAND SUBJECT TO THE APPLICATION

Municipal address	Unit number	City	Roll number
		London	
Legal description of property			

Boundary Tree

Is the Tree(s) a Boundary Tree(s)? A "Boundary Tree" shall have the same meaning as defined by the Forestry Act, R.S.O. 1990 c.F.26.

Yes * No

* If yes, have you included the written consent to the application by the adjacent Landowner(s)? Yes No

PROJECT INFORMATION

Include the information necessary to evaluate a Tree Protection Area Permit. The City Planner may require this information to be submitted by an Arborist or a Registered Professional Forester as defined in this By-law.

Place a check by any of the following that you are submitting, noting that the City Planner may still require any other information listed below:

- An inventory of all Trees that have a trunk diameter of 10cm or more, measured 1.4m above the Natural Ground Level, identifying the location, size, species and health of each such Tree and identifying those Trees that are identified for Injury or Destruction; this inventory is to be submitted in electronic form, such that the data can be linked using the City's geographic information system;
- Tree marking of all Trees to be Injured or Destroyed, prepared by an accredited Tree marker;
- The location of existing or proposed logging roads and skid trails;
- The landing or loading area for sawlogs as they are being harvested;
- Any or all of stand height, structural or age class range, density, species composition, logging tally, basal area and volume;
- A Silvicultural Prescription or Forest Management Plan as defined by this By-law, prepared by a Qualified Person;
- A description of how the Trees are to be removed from the Site, the potential impact on natural heritage features and areas, and an explanation of how these impacts are to be mitigated;
- A description of any off-site Tree planting that may be proposed to mitigate Tree canopy loss as a result of the proposed Tree Injury or Destruction and/or any funds that may be provided to the City for such off-site Tree planting. (Section B Tree Protection By-law C.P.-1515-228)
- A report prepared by a Qualified Person suitable to evaluate the nature and extent of the proposed Tree Injury and/or Destruction that evaluates the health of the Tree or Trees and the implications of the proposed Injury and/ or Destruction as it relates to the following, as applicable:
 - Site topography (e.g. ravines, slopes, contours, etc.);
 - Hydrological functions (e.g. streams, ponds, wetlands, recharge areas, etc.);
 - Sensitive environmental features or areas (e.g. riparian zones, seepage areas, amphibian breeding ponds, wetlands, steep or unstable slopes, significant wildlife habitat, stick nests, migrating or breeding birds, patches of conifer, rare species or species of conservation concern, etc.);
 - The flood plain and Conservation Authority fill regulation lines; and
 - Sustainability of the Trees that are proposed to remain.
- Such other information deemed necessary by the City Planner. Please describe:

Please contact 519-661-CITY (2489), extension 4457 or email treeprotection@london.ca if clarification is required.

APPLICATION CONSENT

X

Signature of **Applicant**

Date signed

By submitting this application, the City will deem you to have consented to a member of City staff visiting the property between 8:00 a.m. and 5:00 p.m. (Monday - Friday) to inspect the Tree(s), whether you are present or not.

Landowner's authorization (if different from Applicant)

I understand that an Application is being made for a Permit to Injure or Destroy a Tree or Trees from my land. By signing this Application, I am consenting to the Application. I acknowledge that the City Planner will send a copy of his or her decision to me.

NOTICE OF COLLECTION OF PERSONAL INFORMATION

The personal information collected on this application form is collected under the authority of the Municipal Act, 2001, as amended and the City of London Tree Protection By-law C.P.-1515-228 and will be used to assist the Civic Administration in evaluating the request. The personal information will be disclosed to City staff only on a need to know basis but it will not be disclosed to the public unless otherwise required by law. However, information about the specific Tree(s) and its/their location with respect to this application will become part of the public record. Questions about this collection of personal information should be addressed to the Manager of Urban Forestry at 663 Bathurst Street, London, ON N5Z 1P8 or by telephone at 519-661-CITY (2489), extension 4457.
