Who we are:

- The Municipal Elections office, under the direction and authority of the City Clerk, provides the administration of the election process for the City and four of the region's school boards.
- This involves the operation of polling stations, securing, testing and verifying election technology, hiring and training election workers and ensuring policies and procedures comply with legislation.

What we do:

- The Municipal Elections office ensures a fair election process for residents of the community.

Why we do it:

- **Mandatory** - The Municipal Elections Act regulates the conduct of municipal and school board elections.

* Municipal Elections are funded through an average annual contribution of \$444,728 to the Municipal Elections Reserve Fund. These contributions are part of the Financial Management program. If reflected here it would account for roughly \$0.01 per day and 0.07% respectively.
