

New Sidewalk List (Sorted by Priority Rating)

Updated April 15, 2021

This list shows the locations within London where residents have requested sidewalks. Locations have been evaluated using the Priority Rating system and ranked accordingly.

This list is not necessarily the order in which sidewalks will be constructed. Among the factors which affect the order of sidewalk construction are:

- the construction timing of other municipal infrastructure, such as sewer, watermain, or road repairs.
- the benefit of placing sidewalks on adjacent streets within a neighbourhood community to create or complete a local network.
- the need for specific concerns to be addressed, such as the requirement for additional land or for bridges and culverts to be widened, the challenges with maintaining existing drainage routes, or the health of the existing tree canopy.

Priority is also applied to streets as part of the [Active and Safe Routes to School](#) initiative.

As the dynamics of each location may change, this list is regularly re-evaluated. Please contact the [City](#) if you have questions regarding the specific timing of your location.

Priority Rating	Requested Location	From	To	Potential Side (if known)	Length (m)
High	Buchan Rd	Kipling Ave	Bonaventure Drive		500
High	Parkdale Avenue	Parkdale Crescent	Richmond St		100
