## **Mandatory Proof of COVID-19 Vaccination Administrative Policy**

### **1. Scope and Purpose**

The purpose of the Mandatory Proof of COVID-19 Vaccination Administrative Policy (the “policy”) is to reduce the risk of COVID-19 in the workplace and to provide a safe environment for employees and the public to access and use City facilities. COVID-19 is a highly contagious virus that spreads through respiratory droplets and aerosols. The Delta Variant of Concern currently circulating in London is associated with a higher rate of transmission and increased severity. The City of London, as an employer, has an obligation under the *Occupational Health and Safety Act*, 1990 to take every precaution reasonable in the circumstances for the protection of its workers.

Vaccination, in combination with health and safety precautions, have been identified by public health as the single most effective means of reducing the transmission of COVID-19 in the workplace and in our community. Individuals who are unvaccinated are at higher risk of contracting and transmitting COVID-19 in our workplace and in the community. The Province of Ontario announced that beginning September 22, 2021, proof of COVID-19 vaccination will be required to access certain public settings and facilities. As well, the Middlesex-London Health Unit is recommending that all employers and business operators in the region implement a mandatory COVID-19 vaccination policy in order to ensure two-dose vaccination for anyone eligible in their workplace, business or facility.

In addition to the current health and safety precautions (personal protective equipment, physical distancing, frequent hand washing and hand sanitizing, frequent cleaning of high touch areas, COVID-19 screening, etc.), which will be maintained and revised in accordance with public health guidance, the City of London requires all active employees, staff of contractors and consultants acting on behalf of the Corporation and performing work in City facilities and/or buildings, volunteers, interns, and students on placements to:

- Provide proof of full vaccination against COVID-19; or
- Provide a written attestation of a medical reason(s) or Ontario Human Rights Code reason(s) for not being fully vaccinated against COVID-19.

The policy is indefinite in nature to address the risks and impacts of the COVID-19 pandemic, noting the duration of the pandemic is unknown. The policy will be reviewed on a regular basis and amended as required as new information, data, and public health guidance regarding the COVID-19 pandemic evolves.

### **2. Legislative Framework**

*Occupational Health and Safety Act*, R.S.O. 1990, c.0.1

*Human Rights Code*, R.S.O. 1990 c. H. 19 (“Ontario Human Rights Code”)
