As per Amendments to Consolidated Fees and Charges By-Law A-55, the index value for fee increases are to be taken from the same index as Development Charges. The Construction Cost Index uses the 3rd quarter publication from Statistics Canada, available in November of each year. The fees identified are those for 2022, which will be indexed in 2023. The index increase generally ranges between 2.5% and 3.5%. Note that after the indexed rate is applied, as per Bylaw A-55, all fees are then rounded to the next highest dollar amount.
