

Notice of Public Information Centre

Meadowlily Road Area - Municipal Class Environmental Assessment

To support development in the Meadowlily Area, this study will identify a sanitary servicing and pathway linkage solution. The City of London has requested MTE Consultants to initiate a study to identify and evaluate alternative solutions, and to select the preferred solution.

This study will complete a Municipal Class Environmental Assessment (EA) for the construction of a sanitary pump station and prepare the preliminary design. The Municipal Class EA Study will also assess the most appropriate means of establishing primary recreational pathway linkages between Meadowlily Bridge and the Citywide Sports Park within the Meadowlily Road South and Commissioners Road East, Right of Ways (ROWs).

This project is being carried out in accordance with the requirements of the Environmental Assessment Act by following the Municipal Class EA document (as amended in 2007, 2011 and 2015) and it is being planned under Schedule 'B' of the Municipal Class EA.

At this stage of the project, and in accordance with the requirements of the Environmental Assessment Act, archaeological and heritage, environmental, and technical investigations have been conducted. MTE has identified alternative sanitary servicing and pathway linkages solutions.

Figure 1: Meadowlily Road Study Area

Presentation, discussion, and input on the identified alternatives will be conducted at the Public Information Centre (PIC). MTE Consultants and the City of London invite all interested parties to attend a PIC meeting on

Thursday, December 8, 2022 at 5:00pm
Pond Mills London Public Library
1166 Commissioners Road E
London, ON N5Z 4W8

Notification of this PIC will also be provided via advertisement in The City of London Website.

Please note that comments will be maintained for reference throughout the project and will become part of the public record. Under the Municipal Freedom of Information and Protection of Privacy Act and the Environmental Assessment Act, any personal information such as name, address, and telephone number included in a submission will become part of the public record unless the comments specifically request that such personal details not be included in the public record.

Project information will be made available on the City's Website: [Meadowlily Road Area Environmental Assessment | City of London](#)

This Notice was issued on November 15, 2022.
