Who we are:
- These City services work in our community to improve the economic well-being of Londoners through the attraction of new companies, growth of existing business as well as entrepreneurship support activities.
- This is mainly provided through purchase service agreements which include: London Economic Development Corporation, London Small Business Centre, and TechAlliance. This grouping also captures contributions to the Economic Development Reserve Fund and the Municipal Accommodation Tax which supports various capital projects.

What we do:
- The service strives to accelerate and sustain the growth of a strong and vibrant economy and foster private sector investment in the City.
- Organizations provide support and expertise to facilitate the creation of new jobs and attraction of new investments in London that lead to economic growth and overall wealth creation in the London region.

*The average contribution for 2020 to 2023 Business Plan includes a Council approved contribution of $4,250,000 to the Economic Development Reserve Fund. This accounts for roughly 67.5% of the annual net budget.
Why we do it:

- **Traditional** - many cities of comparable size provide similar services. Service activities help create a diverse range of employment and entrepreneurial opportunities in a variety of industries including advanced manufacturing, digital creative, life sciences and more. These activities help create significant economic spinoffs which further contribute to vibrancy in the City and attract new residents to London.

The following section provides an overview of the key activities the service plans to undertake from 2020 to 2023 to implement the Corporation’s 2019 to 2023 Strategic Plan, as well as an overview of the risks and challenges the service is anticipated to experience during this period:

**Service Highlights 2020 to 2023**

London Economic Development Corporation: Its strategic plan outlines specific activities and programs in 4 focus areas:

- Invest – attract new foreign direct investment and jobs;
- Accelerate – foster scale up activity, retention and long term growth of existing businesses;
- Talent – connect companies to skilled talent pools;
- Engage – inform internal and external stakeholders of important economic initiatives.

London Small Business Centre:

- Actively seek new sources of revenue and resources to replace lost provincial funding;
- Add sector specific “business growth” programming (e.g. Construction and Trades, Retail);
- Introduce workshops that address the growing participation in the GIG Economy;
• Continue to identify and resource new programs/projects for newcomers, unemployed, and other groups facing barriers to employment.

TechAlliance: Continue growing London’s economy through key initiatives including:
• Supporting – Advisors and Mentors, Entrepreneur 1.0, GROW Accelerator, The Experts;
• Connecting – Tech Talent Exchange @ Western and Fanshawe, Secondary School Awareness Campaigns, Munchies with Mentors;

Risks and Challenges Anticipated in 2020 to 2023
• External factors such as global economic conditions, exchange rates, government incentives and protectionism policies contribute to the competitive environment for business investments.
• Attracting and retaining skilled workforce and building capacity to match available talent to employer needs.
• Measures to prevent the spread of COVID-19 in our community will have a significant impact on the organization’s ability to achieve the Strategic Plan’s outcomes and expected results.

The service directly supports the following components of the Corporation’s 2019 to 2023 Strategic Plan:

Growing Our Economy
London will develop a top quality workforce.

Expected Result: Increase access employers have to the talent they require.
Strategy:
• Increase employers’ access to resources to help achieve best practices in talent recruitment and retention. (GOE-01)
