## Planning Policies

Any change to the Zoning By-law must conform to the policies of the Official Plan, London's long-range planning document. The subject lands are in the Neighbourhoods Place Type in The London Plan. The Neighbourhoods Place Type is intended to promote intensification that will respect the existing neighbourhood character while providing strategic ways to accommodate development to improve our environment, support local businesses, enhance our physical and social health, and create dynamic, lively, and engaging places to live. The Neighbourhoods Place Type also encourages a diversity of housing choices that allow for affordability and opportunity for people to remain in their neighbourhoods as they age. The Place Type permits a range of residential uses including triplexes; fourplexes; stacked townhouses; low-rise apartments; mixed-use buildings; and small-scale community facilities.
