Child Care and Early Years of the City of London provides Child Care Fee Subsidy for families living in the City of London, where the children require child care while the parent(s) / guardian(s) are working, in school, or have received a Therapeutic Referral from a Social Services Source or Health Professional. Child Care Fee Subsidy is intended to support a parent / guardian’s ability to work or attend school and is a limited tax-based resource.

**General Information**

A Therapeutic Referral for Child Care is appropriate for a family experiencing a significant crisis or challenge. The Referral Source believes that the child’s participation in a licensed child care program would alleviate the crisis and / or significantly reduce stress on the family. Therapeutic Referrals may only be made by a Social Service source or Health Professional who is working with the family on an ongoing basis.

Examples of a significant crisis: serious problems affecting the family (e.g., addictions, abuse, lack of stable housing, issues involving other siblings or mental health issues) which are negatively impacting on the ability of the parent(s) / guardian(s) to care full-time for the child(ren).

A Therapeutic Referral is also appropriate for a child who is waiting for, or receiving, specialized intervention for suspected or diagnosed special needs, and for whom participation in a licensed child care program would enhance the therapeutic interventions being provided (or planned). Children may require child care for optimal growth and development, social/emotional, socialization or speech and language.

If there is a waitlist for Fee Subsidy, only referrals marked as Emergency-At-Risk, or Family Crisis and / or if their situation meets our criteria of children being in harm’s way will be placed immediately.

**General Referral Guidelines**

1. Families must first complete the Fee Subsidy Application and submit all the required documents. Fee Subsidy eligibility is determined by an income test and having a recognized need such as work, school, or a Therapeutic Referral.

2. A Therapeutic Referral Form must be completed and submitted by a Referral Source who will be working directly with the family for the duration of the referral.

3. Subsidized child care is only available in licensed child care programs (centre-based or licensed home) for children up to 12 years. Approval for day camp may be provided for school-aged children (4 to 12 years of age) in approved camp programs.

4. a. Therapeutic Referral for child care is available for a period of up to twelve months and only while the Referring Source is working with the child / family. The Referral Source must advise Child Care Fee Subsidy Office if child care is no longer required or if they are no longer working with the family.

   b. Referrals for school-aged children should only be made when there are extenuating circumstances and it is believed that the child will be at risk without before / after school child care.

5. Families participating in Therapeutic Referral for Child Care must follow all Child Care and Early Years policies and procedures, which include reporting changes in the family situation to Child Care Fee Subsidy Office, as well as attendance.

6. All sections MUST be completed to prevent delays in the referral process.
Part A to be completed by the individuals requiring child care (or a representative)

**Part A – Section 1: Information about the Family**

<table>
