

**APPLICATION FOR VARIANCE OR
PERMISSION
UNDER SECTION 45 OF THE PLANNING ACT**

**THE CORPORATION OF THE CITY OF LONDON
PLANNING AND DEVELOPMENT
300 DUFFERAIN AVENUE, LONDON ON N6A 4L9**

DETACH THE FIRST THREE PAGES AND RETAIN FOR FUTURE REFERENCE:

1. This process pertains to an Application for Minor Variance or Permission Under Section 45 of the Planning Act.
2. There are different fees for each type of application (See Schedule APP-2 attached for a fee schedule).
3. If the application requires a Consent application, it is recommended that the Consent be completed first.
4. Once an application has been submitted, Planning and Development will not accept any revisions to applications or submission materials once the application is deemed complete. This standard requirement has been implemented to ensure that the planning process is completed within the **60-day statutory timeline**. If there are any major revisions to the application, such as increased height and density, the applicant will be directed to make a new application.

GENERAL INFORMATION:

- Variations or Permissions under Section 45 of the Planning Act may be applied for in order to:**
- Vary the regulations of the Zoning By-law or any other by-law passed under Sections 34 or 38 of the Planning Act;
 - Permit a change in the use of land or buildings from one non-conforming use to another non-conforming use;
 - Permit the extension or enlargement of a legal nonconforming use; and
 - Permit the use of land or building for a use permitted by the by-law, where the use is defined in general terms.

STEPS IN THE PROCESS:

Step 1	<p>Identify if a Variance or Permission is necessary:</p> <p>When a project does not conform to the regulations of the Zoning By-law passed under Section 34 or 38 of the Planning Act an adjustment- through variance or permission – may be required. This can be identified by the City in a number of ways, through the Building Permit Process, Licensing, Enforcement and many others. This ability to adjust By-laws passed under Section 34 or 38 of the Planning Act is described in Section 45 of the Planning Act, in relation to the Committee of Adjustment.</p>
Step 2	<p>Submit your detailed conceptual site plan, survey, or diagram (in metric) to Zoning@london.ca to attain a referral record.</p> <p>Once the need for adjustment has been identified, a zoning officer will use the information and plans you have provided to complete a Zoning Referral Record (Schedule APP-1 herein) which forms part of a complete application. The zoning officer will review your site plan and contact you if more information is required in order to complete the Referral Form.</p> <p>You will need to provide dimensioned and scaled sketches of the proposal showing all of the information and features as prescribed in Section 9 of the attached application form to assist in completing the Zoning Referral Record.</p> <p>A completed Zoning Referral Record will identify:</p> <ul style="list-style-type: none"> • The number, type, and/or extent of variance(s) or permissions required; • The general need for variance (what is being varied and why) and; • Whether a Consent, Site Plan or other Application is also necessary. <p>NOTE: Adding a use that is described in the Zoning By-law and not permitted in the zone is done through an Amendment to the Zoning By-law and not through adjustment or variance.</p>

STEPS IN THE PROCESS:**Step 3 Discuss your proposal and review the completed Zoning Referral Record with a Planner and other City divisions:**

Once you have obtained a completed and signed zoning referral record, it is encouraged, however not required that you speak with a planner about the planning aspects of your potential application. This is done by submitting your completed zoning referral record to CoAsubmit@london.ca where a planner will be assigned to your application.

By speaking with a Planner, you can determine:

- Whether or not the proposal is within the scope of the minor variance process.
- If there are any other Municipal issues or concerns with your proposal.
- Whether or not there might be servicing requirements/limitations, or land dedications involved with a given proposal.
- If you need to discuss other issues with other City departments like Heritage Planning, Engineering, Transportation etc.
- If there are other items of interest, expenses, or requirements relevant to your proposal.

Consultation with other agencies or departments may also be necessary. Municipal Staff will do their best to advise you, but it is your responsibility to check with the following agencies at least:

- Conservation Authorities - if the site is within an Authority's regulated area. The Upper Thames, Lower Thames and Kettle Creek Conservation Authorities each regulate portions of London.
- Heritage Planning Staff – if the subject lands are considered to have archaeological potential, are within a Heritage Conservation District, or feature a listed or designated property.
- Ontario Ministry of Transportation, - if the application involves a site which is adjacent to a provincial highway. Visit the MTO's "highway Corridor Management" webpage.

Step 4 Submit the Minor Variance Application Form:

When you are ready to submit your application, compile your site plan, completed zoning referral record, supporting materials and documents and proof of payment of the application fee to CoAsubmit@london.ca. Payment can be made by submitting payment (cash or cheque) in person to the City's 2nd floor Path to Approval (P2A), or online, please email plandev@london.ca for a request form to submit online payment.

Step 5 Notice of Application:

Now that the application is complete a "Notice of Application" is published in a Thursday edition of *The Londoner*, and circulated to the required agencies, departments and nearby property owners explaining the nature of the requested amendment(s) and inviting comment. The comments and opinions submitted on this matter, including the name and address of the respondent become part of the public record and may be viewed by the general public.

STEPS IN THE PROCESS:

Step 6

Decision-making process:

The Public Hearing will normally be held no sooner than 30 days after receipt of a complete application and no less than 10 days after the mailing and/or publishing of the Notice of Application. It is **important that** you and/or your agent **attend the Hearing** to explain the reasons for your application; if you do not attend, the Committee may proceed in your absence and without your input and make a Decision on the matter.

Aside from the site-specific aspects of the application, the Committee of Adjustment typically use the following criteria to evaluate the application under section 45 (1) of the *Planning Act* and reach their decision:

- Does the variance meet the general intent of the Official Plan
- Does the variance meet the general intent of the Zoning By-law
- Is the request desirable for the appropriate use of the land, building or structure?
- Is the requested variance minor in nature?

In some circumstances, the Committee of Adjustment may review an application for Minor Variance under section 45 (2) of the *Planning Act* that is considering an enlargement or extension of a building or structure or land that was lawfully used on the day the by-law was passed, for a purpose currently prohibited by the by-law. In these scenarios the Committee will satisfy itself that the enlargement or expansion is similar to the purpose for which the building, structure or land was used on the day the by-law was passed or is more compatible with the uses permitted by the by-law.

Step 7

Notice of Decision:

Within 10 days of the Committee making its decision, the Minor Variance Coordinator will mail a copy of the Notice of Decision to the applicant and to anyone else who filed a **written request for notice** of the decision. The information included in the Notice of Decision will outline appeal procedures and identify the last day for appealing the Committee's decision to the Ontario Land Tribunal.

Step 8

A Final and Binding Decision:

If no appeal is made by the end of the 20-day appeal period, the decision is final and binding. You will receive a Notice of Final Decision by mail and, if the application has been granted, you should be in a position to proceed with your project subject to the fulfillment of any conditions set out in the decision or further permits which may be required. Conditions set out in the decision of the Committee of Adjustment must be satisfied prior to obtaining a building permit.

NOTE: SECTION 45 OF THE PLANNING ACT PROVIDES THAT:

45 (12) The applicant, the Minister or a specified person or public body that has an interest in the matter may within 20 days of the making of the decision appeal to the Tribunal against the decision of the committee by filing with the secretary-treasurer of the committee a notice of appeal setting out the objection to the decision and the reasons in support of the objection accompanied by payment to the secretary-treasurer of the fee charged by the Tribunal as payable on an appeal from a committee of adjustment to the Tribunal. 2017, c. 23, Sched. 5, s. 98 (3); 2021, c. 4, Sched. 6, s. 80 (5); 2022, c. 21, Sched. 9, s. 13 (2).
