

Consolidated Financial Statements of

**THE CORPORATION OF THE CITY
OF LONDON**

And Independent Auditor's Report thereon

December 31, 2025

THE CORPORATION OF THE CITY OF LONDON
Consolidated Financial Statements
Year ended December 31, 2025
(all dollar amounts in thousands of dollars)

INTRODUCTION

The accompanying Consolidated Financial Statements, and all other financial information included within this financial report, are the responsibility of the management of the City of London. The City's Financial Statements contained in this report have been prepared in accordance with the accounting principles and disclosure requirements of the Chartered Professional Accountants (CPA) of Canada Public Sector Accounting Handbook.

The City Treasurer is responsible for submitting annually, to the Audit Committee and Council, audited financial statements. These financial statements include the consolidated results of the City of London for the fiscal year ending December 31, 2025.

Finance staff are responsible for the coordination and completion of the annual financial statements in a timely, accurate and efficient manner as well as providing support and related financial information to external auditors during the year-end audit.

The Consolidated Financial Statements of the City of London provide important information about the overall financial condition of the City. The purpose of the consolidated financial statements is to present the results of transactions of the City, taking into consideration the accounting for all City Funds and associated city business enterprises.

The audited Consolidated Financial Statements for City operations include:

- Independent Auditor's Report
- Consolidated Statement of Financial Position
- Consolidated Statement of Operations
- Consolidated Statement of Change in Net Financial Assets
- Consolidated Statement of Cash Flows
- Consolidated Statement of Remeasurement Gains and Losses
- Notes to the Consolidated Financial Statements
- Consolidated Schedule of Segment Disclosure – Operating Revenues
- Consolidated Schedule of Segment Disclosure – Operating Expenses

INDEPENDENT AUDITOR'S REPORT

To the Members of Council, Inhabitants and Ratepayers of the Corporation of the City of London

Opinion

We have audited the consolidated financial statements of the Corporation of the City of London (the Entity), which comprise:

- the consolidated statement of financial position as at December 31, 2025
- the consolidated statement of operations for the year then ended
- the consolidated statement of changes in net financial assets for the year then ended
- the consolidated statements of cash flows for the year then ended
- the consolidated statement of remeasurement gains and losses for the year then ended
- and notes to the consolidated financial statements, including a summary of significant accounting policies

(Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the consolidated financial position of the Entity as at December 31, 2025, and its consolidated results of operations, its consolidated remeasurement gains and losses, its consolidated changes in net financial assets and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the **"Auditor's Responsibilities for the Audit of the Financial Statements"** section of our auditor's report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information. Other information comprises:

- the information, other than the financial statements and the auditor's report thereon, included in the "Financial Report."

Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit and remain alert for indications that the other information appears to be materially misstated.

We obtained the information, other than the financial statements and the auditor's report thereon, included in the Financial Report as at the date of this auditor's report. If, based on the work we have performed on this other information, we conclude that there is a material misstatement of this other information, we are required to report that fact in the auditor's report.

We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the group as a basis for forming an opinion on the group financial statements. We are responsible for the direction, supervision and review of the audit work performed for the purposes of the group audit. We remain solely responsible for our audit opinion.

THE CORPORATION OF THE CITY OF LONDON
Notes to Consolidated Financial Statements
Year ended December 31, 2025
(all dollar amounts in thousands of dollars)

The Corporation of the City of London (the “Corporation”) is a municipality in the Province of Ontario incorporated in 1855 and operates under the provisions of the *Municipal Act, 2001*.

1. Significant Accounting Policies

The consolidated financial statements of the Corporation are prepared by management, in accordance with Canadian public sector accounting standards as defined in the CPA of Canada Public Sector Handbook – Accounting. Significant accounting policies are as follows:

(a) Basis of Consolidation

These consolidated financial statements reflect the assets, liabilities, revenues and expenses of the Corporation and include all organizations that are accountable to the Corporation for the administration of their financial affairs and resources and are owned or controlled by the Corporation except for the Corporation’s government business enterprises or partnerships which are accounted for on the modified equity basis of accounting.

(i) Consolidated Entities

The following local Boards or Commissions are consolidated:

Argyle Business Improvement Association Board of Management
Covent Garden Market Corporation
Eldon House Corporation
Hamilton Road Business Improvement Area Board of Management
Housing Development Corporation, London
Hyde Park Business Improvement Association Board of Management
London & Middlesex Community Housing Inc.
London Convention Centre Corporation
London Downtown Business Association
London Police Service Board
London Public Library Board
London Transit Commission
Museum London
Old East Village Business Improvement Area Board of Management

The transactions and balances between the Corporation and the related Boards or Commissions have been eliminated.

THE CORPORATION OF THE CITY OF LONDON
Notes to Consolidated Financial Statements (continued)
Year ended December 31, 2025
(all dollar amounts in thousands of dollars)

1. Significant Accounting Policies (continued)

(a) Basis of Consolidation (continued)

(ii) Equity Accounting

Government business enterprises are accounted for by the modified equity method. Under the modified equity method, the accounting principles of government business enterprises are not adjusted to conform to the Corporation's accounting principles and inter-organizational transactions and balances are not eliminated. However, inter-organizational gains and losses are eliminated on assets remaining with the government reporting entities at the reporting date. The Corporation recognizes its equity interest of the government business enterprises' income or loss in its consolidated statement of operations with a corresponding increase or decrease in its investment account. All dividends received will be reflected as reductions in the investment account.

The government business enterprises and partnerships during the year were:

London Hydro Inc.
Fair-City Joint Venture
City-YMCA Joint Venture

(iii) Proportionate Consolidation

The Lake Huron and Elgin Area Water Boards have been consolidated on a proportionate basis, based upon the water flow used by the Corporation in proportion to the entire flows provided by the joint water boards.

Middlesex-London Health Unit is consolidated on a proportionate basis based upon a percentage of grant money provided by the Corporation in comparison to grant money provided by the Province of Ontario and the County of Middlesex.

(iv) Accounting for School Board Transactions

Although the Corporation collects taxation on behalf of the School Boards, the assets, liabilities, revenues and expenses, relating to the operations of the school boards are not reflected in these consolidated financial statements.

During the year, **\$131,006** of taxation was collected on behalf of school boards (2024 - \$130,987) and remitted to the school boards during the year.

THE CORPORATION OF THE CITY OF LONDON
Notes to Consolidated Financial Statements (continued)
Year ended December 31, 2025
(all dollar amounts in thousands of dollars)

1. Significant Accounting Policies (continued)

(a) Basis of Consolidation (continued)

(v) Trust Funds

Trust funds and their related operations administered by the Corporation are not included in these consolidated financial statements, as they are reported on separately in the Trust Fund Statement of Continuity and Balance Sheet.

Total net assets of Trust Funds administered by the Corporation amounted to **\$6,151** (2024 - \$5,925).

(b) Basis of Accounting

(i) Accrual Accounting

Revenues and expenses are reported on the accrual basis of accounting. Revenues are recognized as they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

(ii) Deferred Revenue

The Corporation receives contributions pursuant to legislation, regulations or agreements that may only be used for certain programs or in the completion of specific work. In addition, certain user charges and fees are collected for which the related services have yet to be performed. These amounts are recognized as revenue in the fiscal year the related expenses are incurred or services performed.

(iii) Land Held for Resale

Land held for resale is recorded at the lower of cost and net realizable value. Cost includes amounts for improvements to prepare the land for sale or servicing.

THE CORPORATION OF THE CITY OF LONDON
Notes to Consolidated Financial Statements (continued)
Year ended December 31, 2025
(all dollar amounts in thousands of dollars)

1. Significant Accounting Policies (continued)

(b) Basis of Accounting (continued)

(iv) Non-Financial Assets

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

(a) Tangible Capital Assets

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets, excluding land, are amortized on a straight line basis over their estimated useful lives as follows:

Table 1: Tangible Capital Asset Useful Life

Asset	Useful Life - Years
Landfill and land improvements	5 - 60
Buildings and building improvements	15 - 40
Leasehold improvements	Lease term
Machinery, equipment and furniture	5 - 20
Vehicles	5 - 7
Water and wastewater infrastructure	10 - 100
Roads infrastructure	10 - 80
Computers	3, 4 & 8
Computers under capital lease	3

Amortization is charged using the half year rule in the year of acquisition and in the year of disposal. Assets under construction are not amortized until the asset is available for productive use.

(b) Contributions of Tangible Capital Assets

Tangible capital assets received as contributions related to water, wastewater infrastructure, roads infrastructure and land are recorded at their estimated fair value at the date they are assumed by the Corporation, and are also recorded as revenue.

THE CORPORATION OF THE CITY OF LONDON
Notes to Consolidated Financial Statements (continued)
Year ended December 31, 2025
(all dollar amounts in thousands of dollars)

1. Significant Accounting Policies (continued)

(b) Basis of Accounting (continued)

(iv) Non-Financial Assets (continued)

(c) Works of Art and Cultural and Historic Assets

Works of art and cultural and historic assets are not recorded as assets in these consolidated financial statements.

(d) Interest Capitalization

The Corporation does not capitalize interest costs associated with the acquisition or construction of a tangible capital asset.

(e) Leased Tangible Capital Assets

Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as leased tangible capital assets. All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

(f) Inventories of Supplies

Inventories of supplies held for consumption are recorded at the lower of cost and replacement cost.

(v) Budget Figures

London City Council completes separate budget reviews for tax supported operating and capital, as well as water and wastewater budgets each year. Budget figures have been provided for comparison purposes. Given differences between the budgeting model and generally accepted accounting standards established by the Public Sector Accounting Board (PSAB), certain budgeted amounts have been reclassified to reflect the presentation adopted under PSAB.

THE CORPORATION OF THE CITY OF LONDON
Notes to Consolidated Financial Statements (continued)
Year ended December 31, 2025
(all dollar amounts in thousands of dollars)

1. Significant Accounting Policies (continued)

(b) Basis of Accounting (continued)

(vi) Use of Estimates

The preparation of these consolidated financial statements, in accordance with Canadian Public Sector Accounting standards, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the reporting date and the reported amounts of revenues and expenses during the year. These estimates and assumptions, including employee benefits payable, taxation assessment appeals, legal claims provisions, the valuation of tangible capital assets and their related useful lives, amortization, estimated retirement costs and liabilities for contaminated sites, are based on management's best information and judgment and may differ significantly from future actual results.

1. Significant Accounting Policies (continued)

(c) Government Transfers

(i) Revenues

Government transfer revenue is recorded once it is authorized by the transferring government. The Corporation is eligible to receive the transfer, and the amount can be reasonably estimated. Any amount received but restricted is recorded as deferred revenue in accordance with Section 3100 of the Canadian Public Sector Accounting handbook and recognized as revenue in the period in which the resources are used for the purpose specified.

Government transfers include amounts received for the social assistance program. Funding ratios can vary from 80% to 100% of program costs depending on the social service program. Social service administration funding covers 50% of certain administration costs. The Social Housing program funding is approximately 20% of costs of the program.

In addition, the Corporation periodically receives senior government capital funding in the form of infrastructure grants and receives ongoing funding from Provincial and Federal senior levels of government as a result of an allocation of gas tax funds.

(ii) Expenses

External transfers from the Corporation are recorded as expenses when eligibility criteria have been met by the recipient and the amount can be reasonably estimated. This includes payments issued to individuals eligible under the *Ontario Works Act* and *Day Nurseries Act* as well as funding to contracted local social services agencies, Child Care providers and Housing Providers that deliver services in accordance with legislation and local program policies.

1. Significant Accounting Policies (continued)

(d) Tax Revenues

In 2025 the Corporation received **\$912,484** (2024 - \$835,685) in property tax revenues for municipal purposes. The authority to levy and collect property taxes is established under the *Municipal Act, 2001*, the *Assessment Act*, the *Education Act*, and other legislation.

The amount of the total annual property tax levy is determined each year through Council's adoption of the annual operating budget. Municipal tax rates are set annually by Council for each class or type of property, in accordance with legislation and Council-approved policies, in order to raise the revenues required to meet operating budget requirements. Education tax rates are established by the Province each year in order to fund the costs of education on a Province-wide basis.

Taxation revenues are recorded at the time tax billings are issued. Additional property tax revenue can be added throughout the year, related to new properties that become occupied, or that become subject to property tax, after the return of the annual assessment roll used for billing purposes. The Corporation may receive supplementary assessment rolls over the course of the year from the Municipal Property Assessment Corporation that identify new or omitted assessments. Property taxes for these supplementary/omitted amounts are then billed according to the approved tax rate for the property class.

Taxation revenues in any year may also be reduced as a result of reductions in assessment values arising from assessment and/or tax appeals. Each year, an amount is identified to cover the estimated amount of revenue loss attributable to assessment appeals, tax appeals or other deficiencies in tax revenues (e.g., uncollectible amounts, write-offs, etc.).

(e) User Charges

User charges relate to various programs and fees imposed based on specific activities, such as transit fees, park and recreation services, water, wastewater and solid waste. Revenue is recognized when the performance obligation is satisfied. The performance obligation is satisfied when services are rendered.

(f) Development Charges and Other Revenues

Revenues are recognized in the year that the events giving rise to the revenues occur and the revenues are earned. Amounts received which relate to revenues that will be earned in a subsequent year are deferred and reported as liabilities.

1. Significant Accounting Policies (continued)

(f) Development Charges and Other Revenues (continued)

Development charges are one-time fees levied by the City on newly to be developed or to be redeveloped properties. The charges vary by development type (residential and non-residential) and location (within urban growth boundary and outside urban growth boundary). Development charges are initially recorded as deferred revenue when received and are then recognized as earned revenue over time as the City makes growth infrastructure investments to support development.

Building permit revenue is recognized when the performance obligation to the customer has been satisfied. This occurs, when the permit has been issued, and the refund period has expired.

Fine revenue, such as fines under the Provincial Offences Act, or municipal by-laws such as parking, or administrative monetary penalties, are recognized when they are enforceable. Fines are considered enforceable when the issued fine is no longer disputable by the recipient, or the appeals process is exhausted.

(all dollar amounts in thousands of dollars)

1. Significant Accounting Policies (continued)

(g) Financial Instruments

Financial instruments are classified in one of the following categories: (i) fair value; (ii) cost or amortized cost. The Corporation determines the classification of its financial instruments at initial recognition.

Portfolio investments reported at fair value consist of equity instruments, certain fixed income securities, derivative instruments, and any other investments where the investments are managed and evaluated on a fair value basis and the fair value option is elected.

Unsecured debentures and other long-term debt are initially recorded at fair value and subsequently measured at amortized cost using the effective interest rate method. Transaction costs related to the issuance of long-term debt are capitalized and amortized over the term of the debt.

Other financial instruments, including cash and cash equivalents, investments in guaranteed investment certificates, accounts receivable, loans receivable, accounts payable and accrued liabilities, long-term liabilities and city services payable are initially recorded at their fair value and are subsequently measured at cost, net of any provisions for impairment.

The following table provides the carrying amount information of the Corporation's financial instrument by category.

Table 2: Financial Instruments with Associated Measurement Method

Financial Instruments	Measurement Method
Cash and cash equivalents	Cost
Other receivables	Cost
Portfolio investments	Cost and Fair Value
Loans and long-term receivables	Amortized Cost
Demand loan	Amortized Cost
Accounts payable and accrued liabilities	Cost
Accrued interest on long-term debt	Cost
Long-term liabilities	Cost
Long-term debt	Amortized Cost
City services payable	Cost

Amortized cost is measured using the effective interest rate method.

1. Significant Accounting Policies (continued)

(g) Financial Instruments (continued)

Fair value category: The Corporation manages and reports performance for groups of financial assets on a fair-value basis. Investments traded in an active market are reflected at fair value as at the reporting date. Sales and purchases of investments are recorded on the trade date. Transaction costs related to the acquisition of investments are recorded as an expense. Unrealized gains and losses on financial assets are recognized in the consolidated statement of remeasurement gains and losses until such time that the financial asset is derecognized due to disposal or impairment. At the time of derecognition, the related realized gains and losses are recognized in the consolidated statement of operations and related balances reverse from the consolidated statement of remeasurement gains and losses.

The fair value of a financial instrument is the amount of consideration that would be agreed upon in an arm's length transaction between knowledgeable, willing parties who are under no compulsion to act. The fair value of a financial instrument on initial recognition is the transaction price at the trade date, which is the fair value of the consideration given or received. After initial recognition, the fair values of financial instruments that are quoted in active markets are based on bid prices for financial assets held and offer prices for financial liabilities. When independent prices are not available, fair values are determined by using valuation techniques that refer to observable market data. These include comparisons with similar instruments where market observable prices exist, discounted cash flow analysis, option pricing models and other valuation techniques commonly used by market participants.

Amortized cost category: Amounts are measured using the effective interest rate method. The effective interest method is a method of calculating the amortized cost of a financial asset or financial liability (or a group of financial assets or financial liabilities) and of allocating the interest income or interest expense over the relevant period, based on the effective interest rate. It is applied to financial assets or financial liabilities that are not in the fair value category.

Cost category: Amounts are measured at cost less any amount for valuation allowance. Valuation allowances are made when collection is in doubt.

Transaction costs incurred on the acquisition of financial instruments measured subsequently at fair value are expensed as incurred. All other financial instruments are adjusted by transaction costs incurred on acquisition and financing costs, which are amortized using the straight-line method.

All financial assets are assessed for impairment on an annual basis. When a decline is determined to be other than temporary, the amount of the loss is reported in the consolidated statement of operations, and any unrealized gain is adjusted through the consolidated statement of remeasurement gains and losses.

1. Significant Accounting Policies (continued)

(g) Financial Instruments (continued)

When the asset is sold, the unrealized gains and losses previously recognized in the consolidated statement of remeasurement gains and losses are reversed and recognized in the consolidated statement of operations.

(h) Portfolio Investments

Portfolio investments predominantly consist of authorized investments pursuant to provisions of the *Municipal Act, 2001* and are comprised of fixed income securities such as government and corporate bonds, structured notes, equities, pooled equity funds, and guaranteed investment certificates. Portfolio investments in guaranteed investment certificates are recorded at cost. Portfolio investments in equities, pooled equity funds, and all other fixed income securities are recorded at fair value. Any cash or investments with short maturity dates held within investment accounts are for the purposes of investing and are classified as portfolio investments in the consolidated statement of financial position.

Realized investment income earned on available current funds, reserves, and reserve funds (other than obligatory funds) are reported as revenue in the period earned and recognized in the consolidated statement of operations. Unrealized changes in fair value are recognized in the consolidated statement of remeasurement gains and losses until they are realized, when they are reclassified to the consolidated statement of operations.

Realized and unrealized investment income earned on obligatory reserve funds forms part of the deferred revenue balances.

(i) Loans Receivable

Loans receivable are recorded at the lower of amortized cost or the net recoverable value when the risk of loss exists. Recoverability is reviewed annually, and a valuation allowance is recorded when recoverability is impaired. A loan receivable is written off when it is no longer recoverable. Recoveries of loans receivable previously written off are recognized in the year received. Changes in the valuation of loans receivable are recognized in the consolidated statement of operations. Interest is accrued on loans receivable to the extent it is deemed collectible.

When the terms associated with a loan are considered concessionary such that all or a part of the loan is a grant, the Corporation will expense the grant portion of the transaction in the consolidated statement of operations at the time the loan is made.

1. Significant Accounting Policies (continued)

(j) Foreign Currency Translations

Foreign currency translations are recorded at the exchange rate at the time of the transaction.

(k) Contaminated Sites

Contaminated sites are defined as the result of contamination being introduced in air, soil, water or sediment of a chemical, organic, or radioactive material or live organism that exceeds an environmental standard.

A liability for remediation of contaminated sites is recognized, net of any expected recoveries, when all of the following criteria are met:

- an environmental standard exists,
- contamination exceeds the environmental standard,
- the organization is directly responsible or accepts responsibility for the liability,
- future economic benefits will be given up, and
- a reasonable estimate of the liability can be made.

THE CORPORATION OF THE CITY OF LONDON
Notes to Consolidated Financial Statements (continued)
Year ended December 31, 2025
(all dollar amounts in thousands of dollars)

1. Significant Accounting Policies (continued)

(l) Employee Benefits Payable

The Corporation provides employee benefits including sick leave, benefits under the *Workplace Safety and Insurance Board (WSIB) Act*, life insurance and extended health and dental benefits for early retirees which will require funding in future periods.

There are also contributions to a multi-employer, defined benefit pension plan, OMERS, which are expensed when contributions are made.

The costs of termination benefits and compensated absences are recognized when the event that obligates the Corporation occurs. Costs include projected future income payments, healthcare continuation costs and fees paid to independent administrators of these plans, calculated on a present value basis.

The costs of other employee benefits are actuarially determined using the projected benefits method pro-rated on service and management's best estimate of retirement ages of employees, salary escalation and expected health costs.

Past service costs from plan amendments related to prior period employee services are accounted for in the period of the plan amendment. The effects of a gain or loss from settlements or curtailments are expensed in the period they occur. Net actuarial gains and losses related to the employee benefits are amortized over the average remaining service life of the related employee group. Employee future benefit liabilities are discounted at the Corporation's cost of borrowing using estimated rates for debt with maturities similar to expected benefit payments in the future. The costs of workplace safety and insurance obligations are actuarially determined and are expensed immediately in the period the events occur.

(m) Loan Guarantees

Periodically the Corporation provides loan guarantees on specific debt held by related authorities not consolidated in the Corporation's financial statements. Loan guarantees are accounted for as contingent liabilities and no amounts are accrued in the consolidated financial statements of the Corporation until the Corporation considers it likely that the borrower will default on the specified loan obligation. Should a default occur the Corporation's resulting liability would be recorded in the consolidated financial statements.

(n) Environmental Provisions

The Corporation has a formal environmental assessment and reclamation program in place to ensure that it complies with environmental legislation. The Corporation provides for the cost of compliance with environmental legislation when costs are identified and can be reasonably measured.

1. Significant Accounting Policies (continued)

(o) Asset Retirement Obligations

An asset retirement obligation is recognized when, as at the financial reporting date, all of the following criteria are met:

- There is a legal obligation to incur retirement costs in relation to a tangible capital asset;
- The past transaction or event giving rise to the liability has occurred;
- It is expected that future economic benefits will be given up; and
- A reasonable estimate of the amount can be made.

The following liabilities have been recognized based on estimated future expenses:

- Closure of operational landfill sites and post-closure care relating to current and previous landfill sites. The Ontario Environmental Protection Act sets out the regulatory requirements to properly close and maintain all active and inactive landfill sites. Under environmental law, there is a requirement for closure and post-closure care of landfill sites. This requirement is being funded through tipping fees.
- Removal of asbestos in various buildings owned by the Corporation. The Occupational Health and Safety Act states the demolition of a building, all or in part, can be done only when asbestos-containing material that may be disturbed during the work has been removed.
- Removal of underground fuel and oil storage tanks and related piping. The Technical Standards and Safety Authority (TSSA) states in both its Liquid Fuels Handling Code and the Fuel and Oil Code that an underground storage tank and its piping must be removed when it has been out of service for 2 years or more.

The liabilities are discounted using a present value calculation, where appropriate, and adjusted yearly for changes in circumstances. The recognition of a liability results in an accompanying increase to the respective tangible capital assets or an expense when the asset is no longer in productive use. The increase to the tangible capital assets is being amortized in accordance with the accounting policies. At each financial reporting date, the Corporation reviews the carrying amount of the liability. The Corporation recognizes period-to-period changes to the liability due to the passage of time as accretion expense. Changes to the liability arising from revisions to either the timing, the amount of the original estimate of undiscounted cash flows or the discount rate are recognized as an increase or decrease to the carrying amount of the related tangible capital asset. The Corporation continues to recognize the liability until it is settled or otherwise extinguished. Disbursements made to settle the liability are deducted from the reported liability when they are made.

1. Significant Accounting Policies (continued)

(p) Accumulated Surplus

Accumulated surplus represents the Corporation's net economic resources. It is an amount by which all assets (financial and non-financial) exceed liabilities. An accumulated surplus indicates that the Corporation has net resources (financial and physical) that can be used to provide future services. An accumulated deficit means that liabilities are greater than assets.

(q) Related Party Disclosures

Related parties exist when one party has the ability to control or has shared control over another party. Individuals that are key management personnel or close family members may also be related parties.

Disclosure is made when the transactions or events between related parties occur at a value different from what would have been recorded if they were not related and the transactions could have a material financial impact on the consolidated financial statements.

(r) Inter-entity Transactions

Transactions between related parties are recorded at carrying amounts with the exception of the following:

- Transactions in the normal course of business are recorded at exchange amount.
- Transactions with fair value consideration are recorded at exchange amount.
- Transfer of an asset or liability at nominal or no consideration is recorded by the provider at carrying amount and the recipient has the choice of either carrying amount or fair value.
- Cost allocations are reported using the exchange amount and revenues and expenses are reported on a gross basis.
- Unallocated costs for the provision of goods or services may be recorded by the provider at cost, fair value or another amount dictated by policy, accountability structure or budget practice.

(s) Future Accounting Pronouncements

These standards and amendments were not yet effective for the year ended December 31, 2025, and have therefore not been applied in preparing these consolidated financial statements. Management is currently assessing the impact of the following accounting standards updates on the future consolidated financial statements.

1. Significant Accounting Policies (continued)

(s) Future Accounting Pronouncements (continued)

(i) New Public Sector Accounting Standards (PSAS) Conceptual Framework

This new model is a comprehensive set of concepts that underlie and support financial reporting. It is the foundation that assists:

- Preparers to account for items, transactions, and other events not covered by standards;
- Auditors to form opinions regarding compliance with accounting standards;
- Users in interpreting information in financial statements; and
- Public Sector Accounting Board (PSAB) to develop standards grounded in the public sector environment.

The main changes are:

- Additional guidance to improve understanding and clarity
- Non-substantive changes to terminology/definitions
- Financial statement objectives foreshadow changes in the Reporting Model
- Relocation of recognition exclusions to the Reporting Model
- Consequential amendments throughout the Public Sector Accounting Handbook

The framework is expected to be implemented prospectively.

Applicable for fiscal years beginning on or after April 1, 2026 (in effect for the Corporation for the year ending December 31, 2027). Standard must be implemented at the same time as PS 1202.

(ii) Reporting Model PS 1202 Financial Statement Presentation

This reporting model provides guidance on how information should be presented in the financial statements and will replace PS 1201 Financial Statement Presentation. The model is expected to be implemented retroactively with restatement of prior year amounts.

The main changes are:

- Restructured Statement of Financial Position
- Introduction of financial and non-financial liabilities
- Amended non-financial asset definition
- New components of net assets - accumulated other and issued share capital
- Relocated net debt to its own statement

THE CORPORATION OF THE CITY OF LONDON
Notes to Consolidated Financial Statements (continued)
Year ended December 31, 2025
(all dollar amounts in thousands of dollars)

1. Significant Accounting Policies (continued)

(s) Future Accounting Pronouncements (continued)

(ii) Reporting Model PS 1202 Financial Statement Presentation (continued)

- Renamed the net debt indicator
- Revised the net debt calculation
- Removed the Statement of Change in Net Financial Assets
- New Statement of Net Financial Assets/Liabilities
- New Statement of Change in Net Assets/Liabilities
- Isolated financing transaction in the Statement of Cash Flows

Applicable for fiscal years beginning on or after April 1, 2026 (in effect for the Corporation for the year ending December 31, 2027). Standard must be implemented at the same time as New Public Sector Accounting Standards (PSAS) Conceptual Framework.

(iii) Employee Benefits

The Public Sector Accounting Standards Board (PSAB) has issued a proposed new standard, PS 3251 Employee Benefits, which would replace PS 3250 Retirement Benefits and PS 3255 Post Employment Benefits, Compensated Absences and Termination Benefits.

The proposed standard would result in public sector entities recognizing the impact of revaluations of net defined benefit liabilities (assets) immediately in the statement of financial position and provides updated guidance related to discount rate assumptions, presentation of remeasurements, and accounting for jointly sponsored defined benefit plans. The standard is expected to be applied retrospectively, with or without prior period restatement.

(iv) Intangible Assets

PSAB has issued a proposed new standard, PS 3155 Intangible Assets, which would replace Public Sector Guideline PSG 8, Purchased Intangibles.

The proposed standard provides comprehensive guidance on the recognition, measurement and disclosure of acquired and internally generated intangible assets, including internally developed software and other identifiable non physical assets. Intangible assets would be initially measured at cost and subsequently amortized over their useful lives, subject to impairment.

THE CORPORATION OF THE CITY OF LONDON
Notes to Consolidated Financial Statements (continued)
Year ended December 31, 2025
(all dollar amounts in thousands of dollars)

2. Cash and Cash Equivalents

Table 3: Cash and Cash Equivalents

	2025	2024
Cash on deposit	\$ 395,026	\$ 516,075
Cash equivalents	20,676	20,302
	\$ 415,702	\$ 536,377

Cash equivalents are comprised mainly of term deposits with original maturities of 90 days or less and are recorded at cost.

3. Taxes Receivable

Taxes receivable are reported net of allowance for doubtful accounts. As at December 31, the balances are as follows:

Table 4: Taxes Receivable

	2025	2024
Taxes receivable	\$ 59,888	\$ 49,934
Penalties and interest	3,916	3,392
Allowance for doubtful accounts	(13,456)	(11,011)
	\$ 50,348	\$ 42,315

THE CORPORATION OF THE CITY OF LONDON
Notes to Consolidated Financial Statements (continued)
Year ended December 31, 2025
(all dollar amounts in thousands of dollars)

4. Portfolio Investments

The composition of portfolio investments is as follows:

Table 5: Portfolio Investments

	2025	2024
Measured at fair value		
Fixed income securities	\$ 1,427,431	\$ 1,212,935
Equity	8,292	7,600
Pooled equity funds	295,184	234,348
	1,730,907	1,454,883
Measured at cost		
Guaranteed investment certificates	125,059	124,535
	\$ 1,855,966	\$ 1,579,418

Financial instruments measured at fair value are classified according to a fair value hierarchy that reflects the reliability of the data used to determine fair value, which includes three levels of information that may be used to measure fair value:

- Level 1 – Unadjusted quoted market prices in active markets for identical assets or liabilities;
- Level 2 – Observable or corroborated inputs, other than level 1, such as quoted prices for similar assets or liabilities, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and
- Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets and liabilities.

The fair value hierarchy requires the use of observable data from the market each time such data exists. A financial instrument is classified at the lowest level of hierarchy for which significant inputs have been considered in measuring fair value.

THE CORPORATION OF THE CITY OF LONDON
Notes to Consolidated Financial Statements (continued)
Year ended December 31, 2025
(all dollar amounts in thousands of dollars)

4. Portfolio Investments (continued)

The composition of portfolio investments measured at fair value is as follows

2025				
	Level 1	Level 2	Level 3	Total
Fixed income securities	\$ 3,933	\$ 1,423,498	\$ -	\$ 1,427,431
Equity	8,292	-	-	8,292
Pooled equity funds	-	295,184	-	295,184
	\$ 12,225	\$ 1,718,682	\$ -	\$ 1,730,907
2024				
	Level 1	Level 2	Level 3	Total
Fixed income securities	\$ 4,316	\$ 1,208,619	\$ -	\$ 1,212,935
Equity	7,600	-	-	7,600
Pooled equity funds	-	234,348	-	234,348
	\$ 11,916	\$ 1,442,967	\$ -	\$ 1,454,883

There were no material transfers between Level 1 and Level 2 for the year. There were also no transfers in or out of Level 3.

THE CORPORATION OF THE CITY OF LONDON

(i) Regulated Business Operations and Distribution Rates

London Hydro Inc. (the "Company") is a wholly-owned subsidiary company of the Corporation and delivers regulated electricity and related energy services to the inhabitants of the City of London.

The Company is regulated by the Ontario Energy Board (OEB), under the authority granted by the *Ontario Energy Board Act, 1998*. The OEB has responsibility to set just and reasonable distribution rates and thereby approves all of the Company's distribution and ancillary rates. The Company's distribution revenue is determined by applying those regulated rates to customers and their consumption of electricity in the Company's distribution territory, as established by its distribution license granted by the OEB.

(ii) Regulatory Balances

The Ontario Energy Board allows distribution companies to recover amounts incurred for certain transitional costs as well as certain costs associated with the discretionary metering activities under the Provincial Smart Meter Program which have been authorized to be recovered through the rates. Net regulatory debit balances for 2025 totalled **\$35,130** (2024 - \$41,839). Net regulatory credit balances for 2025 totalled **\$328** (2024 - \$830).

THE CORPORATION OF THE CITY OF LONDON
Notes to Consolidated Financial Statements (continued)
Year ended December 31, 2025
(all dollar amounts in thousands of dollars)

6. Investment in Government Business Enterprises and Partnerships (continued)

(a) Investment in London Hydro Inc. (continued)

(iii) Commitments

The Company has provided **\$4,300** (2024 - \$4,300) in bank standby letters of credit to the Independent Electricity System Operator (IESO), as required by regulation.

The Company has vendor commitments in connection with projects of **\$13,098** (2024 - \$5,866).

The Company has committed to operating lease agreements with future minimum non-cancellable annual lease payments of **\$692** (2024 - \$764).

(iv) Credit Facilities

The Company has an uncommitted operating revolving line of credit facility of \$20,000. As at December 31, 2025 the amount drawn under this line of credit was **\$nil** (2024 - \$100). The line of credit is unsecured and interest is at prime rate on prime-based borrowings minus 0.50%, or at Benchmark rates plus 1.40%.

At December 31, 2025, the Company had a committed loan facility of \$90,000 and the amount drawn by the Company under this loan facility was \$nil (2024 - \$50,000). Under the terms of this agreement, the loan has a maturity date of March 31, 2028. Interest options consist of the bank prime rate minus 0.60% or Benchmark plus 1.30%. A standby fee of 0.20% is charged for any unused amounts.

The Company has an interest rate swap agreement for an unsecured loan in the amount of \$90,000. Interest only payments are due monthly and commenced December 2025. The principal is due at maturity, June 30, 2032. The swap agreement is a fixed rate swap which effectively converts variable interest rates to an effective interest rate of 3.15%, plus a stamping fee of 0.83%, for an all-in-rate of 3.98%.

The Company has an interest rate swap agreement for an unsecured loan in the amount of \$125,000. Interest only payments are due monthly and commenced July 2022. The principal is due at maturity, June 30, 2032. The swap agreement is a fixed rate swap which effectively converts variable interest rates to an effective interest rate of 1.39%, plus a stamping fee of 0.74%, for an all-in-rate of 2.13%.

THE CORPORATION OF THE CITY OF LONDON
Notes to Consolidated Financial Statements (continued)
Year ended December 31, 2025
(all dollar amounts in thousands of dollars)

6. Investment in Government Business Enterprises and Partnerships (continued)

(a) Investment in London Hydro Inc. (continued)

The Company has an interest rate swap agreement for an unsecured loan in the amount of \$75,000. Interest only payments are due monthly and commenced December 2020. The principal is due at maturity, June 30, 2032. The swap agreement is a fixed rate swap which effectively converts variable interest rates to an effective interest rate of 1.23%, plus a stamping fee of 0.74%, for an all-in-rate of 1.97%.

At December 31, 2025, the Company would be entitled to collect **\$17,200** (2024 - \$20,100) if it decided to cancel the swap agreements.

During the year ended December 31, 2025, interest on long-term debt was incurred in the amount of **\$6,600** (2024 - \$6,500).

(v) Related Party Transactions

The Corporation has contracted with London Hydro Inc. to provide billing and collection services for water and wastewater charges on a cost recovery basis. Expenses for the year were **\$5,904** (2024 - \$5,747) and are included on the consolidated statement of operations. At December 31, 2025, the Corporation has a receivable of **\$23,346** (2024 - \$18,567) for water and wastewater charges collected by London Hydro Inc. Miscellaneous receivables of **\$1,026** (2024 - \$961) are also outstanding at year end.

The Corporation charged London Hydro Inc. rent, totalling **\$100** (2024 - \$100).

The Corporation received **\$5,500** (2024 - \$5,500) in dividend payments, which were recorded as a reduction in the investment in government business enterprises.

(vi) International Financial Reporting Standards (IFRS)

The Company's financial statements have been prepared on a going-concern basis in accordance with IFRS, Accounting Standards.

(b) Fair-City Joint Venture Partnership (continued)

(i) Contributions to Joint Venture

On September 1, 2000, the Corporation entered into a joint venture with the Western Fair Association, to construct and operate a four-pad arena complex.

The joint venture is in the form of a partnership, referred to as the Fair-City Joint Venture and the investment is held in the Civic Investment Reserve Fund.

In return for a contribution of \$5,000 and a twenty-year loan of \$12,000, the Corporation received an initial equity interest of 50% of the partnership. However, once the partnership repaid \$5,000 of the above-noted loan, and for every \$1,000 repayment thereafter, the Corporation's equity interest will decrease by 2.857% until the loan is completely repaid and the equity interest has decreased to 30%. During the first five years of operation, 100% of profits from the joint venture were paid to the Western Fair Association.

The Corporation's equity interest as at June 30, 2025 was 30.000% (2024 - 30.000%).

At any time after the above-noted loan has been repaid in full, the Western Fair Association has the option to purchase the Corporation's interest in the joint venture at a purchase price of \$5,000.

(ii) Related Party Transactions

The Corporation has an Ice Rental Agreement with the Fair-City Joint Venture Partnership for 6,240 hours per year. **\$2,063** was paid for ice rental in 2025 (2024 - \$2,022), which was recorded as an expense in the consolidated statement of operations.

Corporation's portion of net assets	11,961	12,459
Investment in City-YMCA Joint Venture Partnership	\$ 11,961	\$ 12,459

The Corporation entered into a joint venture agreement with the YMCA of Western Ontario (YMCA) in April 2009 to construct and operate the Stoney Creek Community Centre.

The Corporation was responsible for contributing the land, contributing costs related to construction of the building and running the construction project. The YMCA was responsible for contributing costs related to construction of the building. The Corporation's contributed share of the project was \$19,929 or 73.432%.

6. Investment in Government Business Enterprises and Partnerships (continued)

(c) City-YMCA Joint Venture Partnership (continued)

Construction of this facility was completed in October 2010.

The Joint Venture Partnership has entered into a forty-year lease with the YMCA. The basic annual rent to be paid to the Joint Venture Partnership by the YMCA is nominal. The Joint Venture Partnership does not earn any other type of revenue. In accordance with the lease agreement, the Joint Venture Partnership is not responsible for any costs, expenses or outlays relating to the premises. All capital and operating costs are the responsibility of the tenant, the YMCA.

At the end of the forty-year lease term, the Joint Venture Partnership will transfer the land and building representing the facility to the YMCA for consideration of nil. The transfer of the land and building will result in the dissolution of the Joint Venture Partnership in 2049.

Year ended December 31, 2025
(all dollar amounts in thousands of dollars)

8. Long-term Debt

Provincial legislation restricts the use of long-term debt to financing only capital expenses. Provincial legislation allows the Corporation to issue debt on behalf of school boards, other local boards, municipal enterprises and utilities. The responsibility of raising amounts to service these liabilities lies with the respective organization. The debt is a joint and several obligation of the Corporation and the respective organization.

Long-term debt is as follows:

Table 15: Long-term Debt

	2025	2024
Long-term debt issued by the Corporation at various rates of interest ranging from 1.40% to 4.65% (2024 - 1.10% to 4.85%) with maturity dates ranging from March 2026 to October 2045.	\$ 190,297	\$ 177,678
Long-term debt issued to Infrastructure Ontario programs at various rates of interest ranging from 2.60% to 4.44% (2024 - 2.60% to 4.44%) with maturity dates ranging from July 2026 to March 2030.	7,021	9,672
Long-term debt issued to Canada Mortgage and Housing Corporation at an interest rate of 1.84% to 3.48% (2024 - 1.84% to 3.01%) with term maturity dates ranging from December 2032 to December 2034.	12,500	7,608
Long-term debt issued to Federation of Canadian Municipalities, as Trustee for the Green Municipal Fund (FCM) at various rates of interest ranging from 2.00% to 2.25% (2024 - 2.00% to 2.25%) with maturity dates ranging from April 2026 to May 2032.	908	1,346
Long-term debt, assumed by unconsolidated local Boards, other municipalities, municipal enterprises and utilities.	(900)	(1,656)
	209,826	194,648
Less: Unamortized debenture discount	(1,184)	(1,014)
Net long-term debt	\$ 208,642	\$ 193,634

	\$ 36,928	\$ 34,174	\$ 30,383	\$ 22,609	\$ 17,191	\$ 68,541	\$ 209,826

Total charges which are included in the consolidated statement of operations, are as follows:

Table 17: Principal Repayments - Total Charges

	2025	2024
Interest on long-term debt	\$ 5,923	\$ 5,576
Amortization of debenture discount	210	248
	\$ 6,133	\$ 5,824

9. City Services Payable

The Corporation operates a system of funding developer claims for the construction of infrastructure works. The claimable works generally provide regional benefit beyond the boundaries of the subdivision or development which triggers the requirement for the works. The costs of these works are shared through development charge collections administered by the Corporation through the City Services Reserve Funds.

Claims are subject to approval by the Corporation in accordance with the Development Charges By-law. Payment of claims are ultimately subject to budget availability within the reserve funds.

As at December 31 of each year, the value of all work classified as substantially complete and not paid is recognized as a liability in the consolidated statement of financial position. Repayment of this liability remains subject to all of the rules of the City Services Reserve Funds and Development Charges By-law, including a reliance on development charges received as the source for repayment. At December 31, there is **\$444,280** (2024 - \$467,513) in the City Services Reserve Funds to fund this liability.

THE CORPORATION OF THE CITY OF LONDON
Notes to Consolidated Financial Statements (continued)

10. Employee Benefits Payable

Employee future benefits are liabilities of the Corporation to its employees and early retirees for benefits earned but not taken as at December 31. Details are as follows:

Table 19: Employee Benefit Payable

	2025	2024
Post-employment and post-retirement benefits (note 10(a))	\$ 119,931	\$ 118,942
Workplace Safety and Insurance Board Obligation (note 10(b))	78,345	83,923
Vacation credits (note 10(c))	29,960	27,316
Vested sick leave benefits (note 10(d))	87	274
Non-vested sick leave benefits (note 12(e))	10,503	1,964
	\$ 238,826	\$ 232,419

Reserve funds and reserves have been established to partially provide for these employee benefit liabilities. The reserve fund balances at the end of the year are **\$209,101** (2024 - \$208,255), to fund these obligations.

(a) Post-Employment and Post-Retirement Benefits

The Corporation provides benefits, such as health, dental and life insurance to qualified retirees until they reach 65 years of age and provides certain benefits to employees on long-term disability. The liabilities reported in these consolidated financial statements are based on the most recent actuarial valuation prepared as of December 31, 2025.

The significant assumptions used in the actuarial valuations are as follows:

Table 20: Post-Employment and Post-Retirement Benefits – Assumptions

Assumptions	2025 %	2024 %
Discount rate	4.20	3.50
Rate of compensation increase	2.00	2.00
Healthcare cost increases	4.00 – 4.89	4.00 - 5.36

THE CORPORATION OF THE CITY OF LONDON
Notes to Consolidated Financial Statements (continued)
Year ended December 31, 2025
(all dollar amounts in thousands of dollars)

10. Employee Benefits Payable (continued)

(a) Post-Employment and Post-Retirement Benefits (continued)

The benefit obligation continuity is as follows:

Table 21: Post-Employment and Post-Retirement Benefits (continued)

Liability for post-employment and post-retirement benefits	2025	2024
Accrued benefit obligation, January 1	\$ 117,776	\$ 106,309
Current period benefit cost	5,518	5,766
Retirement interest expense	4,064	3,677
Actuarial (gain) loss	(7,940)	8,147
Benefits paid	(7,338)	(6,123)
Accrued benefit obligation, December 31	112,080	117,776
Unamortized actuarial gain	7,851	1,166
	\$ 119,931	\$ 118,942
Post-employment and post-retirement benefits expense	2025	2024
Current period benefit cost	\$ 5,518	\$ 5,766
Retirement interest expense	4,064	3,677
Amortization of actuarial (gain) loss	(1,255)	2,337
Total post-employment and post-retirement benefit expense	\$ 8,327	\$ 11,780

The actuarial loss is amortized over the expected average remaining service life of the related employee group of **14** years (2024 - 14 years).

10. Employee Benefits Payable (continued)

(b) Workplace Safety and Insurance Board Obligation

The Corporation is a Schedule 2 employer under the *Workplace Safety and Insurance Board ("WSIB") Act*, and as such assumes responsibility for financing its workplace safety insurance costs. The actuarial valuation as at December 31, 2025, estimated the accrued benefit obligation for workplace safety and insurance existing claims and future pension awards at **\$78,345** (2024 - \$83,923).

Table 22: Self-Insured (Schedule II) Workers Compensation Actuarial - Assumptions

	December 31, 2025
Discount rate	4.40% per annum
Rate of compensation increase	2.00% per annum
Healthcare cost increases	4.89% per annum

(c) Liability for Vacation Credits

Under the provisions of certain employee vacation plans, some vacation credits are earned as at December 31 but are generally unavailable for use until a later date. In addition, the provisions of certain plans allow the accumulation of vacation credits for use in future periods. The approximate value of these credits as at December 31, 2025 is **\$29,960** (2024 - \$27,316).

(d) Liability for Vested Sick Leave Benefits

Under the sick leave benefit plan, certain unused sick leave can accumulate and employees may become entitled to a cash payment when they leave the Corporation's employment. The liability for these accumulated days, to the extent that they have vested and could be taken in cash by an employee on termination, amounted to **\$87** (2024 - \$274) at December 31, 2025. During the year **\$192** (2024 - \$178) was paid to employees who left the Corporation's employment.

Reserve funds and reserves have been established to provide for this past service liability. The reserve funds balance at December 31, 2025 is **\$118** (2024 - \$302). An amount of **\$7** (2024 - \$268) has been contributed in the current year.

10. Employee Benefits Payable (continued)

(d) Liability for Vested Sick Leave Benefits (continued)

Only employees of the Corporation which commenced their employment prior to February 1, 1985, Police employees starting before January 1, 1982 and Fire employees starting before January 1, 1991 and Library employees starting before May 1, 1985 are entitled to be paid out their balance of accumulated sick time at retirement, which is the balance that makes up this liability.

Anticipated future payments for vested sick leave to employees who are eligible to retire are as follows:

Table 23: Employee Benefits Payable - Anticipated Future Payments

2026	\$	87
------	----	----

(e) Liability for Non-vested Sick Leave Benefits

Non-vested sick leave refers to the balance of unused sick leave credits which have accumulated and may be drawn upon for an illness or injury-related absence in a future period. These benefits are non-vested as they are not eligible for payment when employees leave the Corporation’s employment. The liability measurement considers the expectation of future utilization of the benefits and would consider the extent to which accumulated sick days are expected to be used prior to retirement by employees. The liability for these accumulated days, as actuarially determined, amounted to **\$10,503** (2024 – \$1,964) at December 31, 2025.

During the fiscal year ended December 31, 2025, the Corporation revised its estimate for non-vested sick leave benefits liability based on a review of methodologies and assumptions in conjunction with further insight obtained through the engagement of an independent actuary. The revised estimate increased the liability as of December 31, 2025, by \$8,539, from \$1,964 to \$10,503. The impact of this change in estimate resulted in an increase in the expense object “salaries, wages and fringe benefits” of \$8,539 for the year. This change in estimate is accounted for prospectively, in accordance with PS 2120, Accounting Changes.

10. Employee Benefits Payable (continued)

(f) Pension Agreements

The Corporation makes contributions to the Ontario Municipal Employees' Retirement System Pension Fund (OMERS), which is a multi-employer plan, on behalf of **5,773** (2024 - 5,281) members. The plan is a contributory defined benefit plan which specifies the amount of retirement benefit to be received by employees based on length of service and rates of pay. Employers and employees contribute jointly to the plan.

The last available report for the OMERS plan was on December 31, 2025. At that time, the plan reported a **\$1.32** billion actuarial deficit (2024 - \$2.90 billion), based on actuarial liabilities for **\$151.37** billion (2024 - \$142.50 billion) and actuarial assets for **\$150.04** billion (2024 - \$139.60) billion. If actuarial surpluses are not available to offset the existing deficit and subsidize future contributions, increases in contributions will be required in the future.

Since any surpluses or deficits are a joint responsibility of all Ontario municipalities and their employees, the Corporation does not recognize any share of the OMERS pension surplus or deficit in these consolidated financial statements.

The amount contributed to OMERS for 2025 was **\$45,816** (2024 - \$43,545) for current service. Employer's contributions for current service are included as an expense in the consolidated statement of operations.

11. Asset Retirement Obligations

The Corporation's asset retirement obligations consist of the following:

(a) Landfill Closure and Post-closure Care

The Corporation owns and operates the W12A landfill site and owns various closed landfill sites. The landfill site assets at W12A are broken down into different cells and each cell became active when the cell started accepting waste. Each cell has an estimated useful life of 5 years and at January 1, 2025 there was one asset that had not been fully depreciated. The liability for the closure of operational sites and post-closure care for closed landfill sites has been recognized under PS 3280, Asset Retirement Obligations. The costs were based upon the presently known obligations that will exist at the estimated year of closure of the W12A site including final cover and vegetation, completing facilities for drainage control features, leachate monitoring, water quality monitoring, and monitoring and recovery of gas. Post-closure care activities include all activities related to monitoring the site once it can no longer accept waste, including acquisition of any additional land for buffer zones, treatment and monitoring of leachate, monitoring ground water and surface water, gas monitoring and recovery, and ongoing maintenance of various control systems, drainage systems, and final cover. The estimated liability for the care of landfill sites is the present value of future cash flows associated with closure and post-closure costs.

Key assumptions in determining the liability at December 31, 2025 for landfills are as follows:

- Timing of settlement - the active (W12A) landfill is expected to reach capacity in 2051, which is when the closing costs will be incurred and when the monitoring period will begin. The monitoring costs for the closed landfill sites are presently being incurred.
- Undiscounted liability for W12A - \$142,496 (2024 - \$127,069)
- Undiscounted liability for closed landfill sites - \$11,133 (2024 - \$10,287)
- Inflation rate - 2.20% (2024 - 2.00%)
- Discount rate - 4.66% (2024 - 3.50%)
- Estimated time required for post-closure care; active landfill - 75 years (2024 - 75 years)
- Estimated remaining time required for post-closure care; closed landfills - 25 years (2024 - 26 years)

11. Asset Retirement Obligations (continued)

(b) Asbestos Removal

The Corporation owns and operates various buildings that are known or are assumed to contain asbestos, which represents a health hazard upon demolition of the building. There is a legal obligation to remove the asbestos before these buildings are demolished. Following the adoption of PS 3280, Asset Retirement Obligations, the Corporation recognized an obligation relating to 226 buildings that contain or are suspected to contain asbestos material, of which 81 buildings were not fully amortized at January 1, 2025. Each building has an estimated useful life of 40 years.

Key assumptions in determining the liability at December 31, 2025 for asbestos removal and disposal are as follows:

- Timing of settlement - it is unknown when the buildings will be demolished or abatement will occur
- Undiscounted liability for asbestos removal - \$54,143 (2024 - \$54,474)
- Discount rate - due to the unknown timing of retirement, no discount rate was used when estimating the costs
- Estimated time required for retirement activities - at time of demolition only

(c) Removal of Underground Fuel and Oil Storage Tanks

The Corporation owns various underground fuel and oil storage tanks that have to be removed at the end of their lives. The tanks became a part of the pooled equipment asset for the year in which they were installed. Following the adoption of PS 3280, Asset Retirement Obligations, the Corporation recognized an obligation relating to 27 underground tanks, of which, 18 were not fully amortized at January 1, 2025. Each tank has an estimated useful life of 10 years.

Key assumptions in determining the liability at December 31, 2025 for tank removal are as follows:

- Timing of settlement - it is unknown when the tanks will be removed
- Undiscounted liability for tank removals - \$2,702 (2024 - \$2,597)
- Discount rate - due to the unknown timing of retirement, no discount rate was used when estimating the costs
- Estimated time required for retirement activities - at time of removal only

All assets, including their increased costs from asset retirement obligations, are amortized using the straight-line amortization method.

THE CORPORATION OF THE CITY OF LONDON
Notes to Consolidated Financial Statements (continued)
Year ended December 31, 2025
(all dollar amounts in thousands of dollars)

11. Asset Retirement Obligations (continued)

Changes to the asset retirement obligations in the year are as follows:

Table 24: Asset Retirement Obligation Continuity Schedule

2025	Landfill closure	Asbestos removal	Removal of underground fuel and oil storage tanks	Base building clause	Balance at December 31, 2025
Opening balance	\$ 41,422	\$ 54,474	\$ 2,597	\$ -	\$ 98,493
Change in estimate	(11,392)	821	105	-	(10,466)
Liability settled during period	-	(1,152)	-	-	(1,152)
Closing Balance	\$ 30,030	\$ 54,143	\$ 2,702	\$ -	\$ 86,875

2024	Landfill closure	Asbestos removal	Removal of underground fuel and oil storage tanks	Base building clause	Balance at December 31, 2024
Opening balance	\$ 52,925	\$ 51,858	\$ 2,501	\$ 123	\$ 107,407
Change in Estimate	(11,230)	2,853	96	(123)	(8,404)
Liability Settled during period	(273)	(237)	-	-	(510)
Closing Balance	\$ 41,422	\$ 54,474	\$ 2,597	\$ -	\$ 98,493

The change in estimate during the year resulted in a decrease to the asset retirement obligation, which was recorded as a reduction to the net book value of tangible capital assets or a reduction in expenses when the net book value of the related asset was \$nil.

12. Tangible Capital Assets (continued)

(a) Assets Under Construction

Assets under construction having a value of **\$353,655** (2024 - \$246,780) have not been amortized. Amortization of these assets will commence when the asset is available for productive use.

In the year that an asset is placed into service, the total cost of the developed asset is transferred to each respective asset category as an addition and removed from assets under construction as a disposal.

(b) Contributed Tangible Capital Assets

Contributed capital assets have been recognized at estimated fair value at the date of contribution. The value of contributed assets received during the year is **\$61,894** (2024 - \$75,752) comprised predominantly of roads infrastructure in the amount of **\$21,103** (2024 - \$37,483) and water and wastewater infrastructure in the amount of **\$34,702** (2024 - \$36,289).

(c) Tangible Capital Assets Disclosed at Nominal Values

Where an estimate of fair value could not be made, the tangible capital asset was recognized at a nominal value. Land is the only category where nominal values were assigned.

(d) Works of Art and Historical Treasures

The Corporation manages and controls various works of art and non-operational historical cultural assets including buildings, artifacts, paintings and sculptures located at Corporation sites and public display areas. These assets are not recorded as tangible capital assets and are not amortized in the consolidated financial statements.

(e) Write-down of Tangible Capital Assets

There were no write-downs of tangible capital assets during the year (2024 - \$nil).

12. Tangible Capital Assets (continued)

(f) Assets under Shared Control

During 2016, the Corporation entered into a joint arrangement with the YMCA of Southwestern Ontario (YMCA) and the London Public Library Board (Library). The agreement to construct and operate a multipurpose complex, The Southwest Community Centre, with a total project budget of \$55,366, includes a community centre, recreation centre and public library branch and features an indoor pool, double pad arena, gymnasium and community centre space in the southwest area of the City.

Each partner proposed to invest in the project as follows:

- The City proposed to provide \$40,616 (75.13%) including land, plus \$300 for furniture and equipment,
- The YMCA proposed to provide \$9,200 (16.61%), plus \$1,200 for furniture and equipment, and
- The Library proposed to provide \$4,050 (8.26%).

The Library had a portion of the facility built and designed as a public library. The Library has exclusive use of its space. The City and Library will pay the YMCA a portion of the common area maintenance costs subject to the terms of the joint arrangement.

The YMCA has assumed all operational and lifecycle maintenance capital costs for the facility with the exception of the dedicated arena and library components through a lease agreement with a term of 40 years.

Title of the land and building remains with the Corporation. At the end of the term or any mutually agreed upon extension, the Corporation will agree to pay the YMCA and Library an amount equal to their respective partnership interest multiplied by the then fair market value of the partnership.

Total project costs of \$54,129 have been offset by contributions from the YMCA of \$9,200 and Library of \$4,556. The net project costs of \$40,373 have been accounted for in the Corporation and capitalized in the consolidated statement of financial position or expensed in the consolidated statement of operations.

The YMCA and the Library have recorded additions of leasehold improvements in their respective accounting records equal to their contributions. This facility opened to the public in the fall of 2018.

Accumulated remeasurement gains	50,567	27,722
Accumulated surplus	\$ 6,605,896	\$ 6,119,317

13. Accumulated Surplus (continued)

The Corporation has chosen to reflect items on a gross rather than a net basis. As such the Corporation has reserve funds and reserves to satisfy certain obligations listed as unfunded in Table 25: Accumulated Surplus.

(a) Special Purpose

The Corporation holds \$70 million principal in a reserve fund for a special purpose. The reserve fund is held by the Corporation for the following purposes:

- The investigation, remediation and restoration of the affected lands,
- Any related legal proceedings, including proceedings before any court or administrative tribunal, and
- The Corporation's actual and reasonable administrative and incidentals costs related thereto.

The Corporation will maintain the principal amount of the \$70 million in a properly managed portfolio in compliance with the Corporation's Investment Policy and the *Municipal Act, 2001*. The Corporation will be entitled to use the interest on the funds for its own purposes.

14. Contingent Liabilities

(a) Legal Actions

As at December 31, 2025, certain legal actions and other contingent liabilities are pending against the Corporation. The final outcome of the outstanding claims cannot be determined at this time. However management believes that ultimate disposition of these matters will not materially exceed the amounts recorded in these consolidated financial statements.

Estimated costs to settle claims are based on available information and projections of estimated future expenses developed based on the Corporation's historical experience. Claims are reported as an operating expense in the year of the loss, where the costs are deemed to be likely and can be reasonably determined. Claims provisions are reported as a liability in the consolidated statement of financial position.

(b) Public Liability and Property Loss Self Insurance

The Corporation and its various Boards and Commissions are jointly self-insured for liability, property and casualty claims for varying amounts ranging up to \$500 for any individual claim.

Insurance is also purchased for claims in excess of these limits to a maximum of \$50,000 for liability claims. The insured and self-insured Boards and Commissions are: Museum London, London Convention Centre Corporation, Covent Garden Market Corporation, London Police Service Board, London & Middlesex Community Housing Inc., and Housing Development Corporation, London.

The Corporation has made a provision for a reserve fund for self-insurance which as at December 31, 2025 amounted to **\$21,820** (2024 - \$22,404) and is reported in note 13 of the consolidated financial statements. The contribution for the year of **\$6,255** (2024 - \$6,251) has been reported in the individual revenues on the consolidated statement of operations.

Claims expensed during the year amounting to **\$2,180** (2024 - \$3,049) have been reported with individual expenses on the consolidated statement of operations. The payment of these expenses was funded through the self-insurance reserve fund.

There were unsettled liability claims against the Corporation as at December 31, 2025 to be paid from the self-insurance reserve fund. The probable outcome of these claims cannot be determined at this time.

14. Contingent Liabilities (continued)

(c) Environmental Remediation

The Corporation is liable for the environmental remediation of certain land. The coal tar material present in land held by the Corporation was attributable to coal gasification works existing at this location between approximately 1850 and 1930 and identified in a 1987 inventory of coal gasification sites in Ontario by the provincial Ministry of the Environment (MOE).

The Corporation is engaged in an ongoing environmental remediation program and related risk management strategy that addresses the presence of historic coal tar in a section of the bed and bank of the south branch of the Thames River and in two adjacent parcels of Corporation-owned land. In this context:

- A collection system was completed in November 2000 to intercept coal tar-impacted ground water for treatment by an on-site facility which is situated on the smaller parcel.
- A hard-surfaced parking lot was constructed on the larger of the two parcels and is being operated as a municipal parking lot
- Coal tar removal and river bed rehabilitation has been satisfactorily completed and a monitoring program which started in 2004 is in place.

The Corporation is responsible for the ongoing environmental remediation program and management strategy.

Future costs for the remediation include operations of the coal tar treatment system, which will carry an ongoing monthly cost for an indeterminate time.

THE CORPORATION OF THE CITY OF LONDON
Notes to Consolidated Financial Statements (continued)
Year ended December 31, 2025
(all dollar amounts in thousands of dollars)

15. Loan Guarantees

The Corporation has entered into an agreement which, under certain conditions, guarantees to assume the purchase and payment of block power from the Ontario Electricity Market on behalf of the Lake Huron Primary Water Supply System (Market Participant). The Corporation, in its capacity as Administering Municipality for the Joint Water Board, has guaranteed payment to the Independent Electricity System Operator (IESO) on behalf of the Market Participant. This guarantee is limited to **\$764**. There is no amount outstanding and no anticipated loss from this guarantee.

The Corporation has entered into an agreement which, under certain conditions, guarantees a ten-year credit agreement with Canada Mortgage and Housing Corporation (CMHC) on behalf of London & Middlesex Community Housing Inc. (Borrower). Under the agreement, the Borrower will make quarterly drawdowns up to a maximum of **\$40,136**. The outstanding principal of this loan at December 31, 2025 is **\$12,500** (2024 - \$7,608).

The maximum exposure to credit risk is the loan guarantee being called, which is **\$13,264**.

No amounts have been accrued in the consolidated financial statements of the Corporation with respect to these guarantees, as it is not anticipated at December 31, 2025 that the Corporation will need to make any payments as a result of providing the guarantees.

THE CORPORATION OF THE CITY OF LONDON
Notes to Consolidated Financial Statements (continued)
Year ended December 31, 2025
(all dollar amounts in thousands of dollars)

16. Commitments

(a) London Middlesex Suburban Roads Commission

Section 474.18 of the *Municipal Act, 2001*, requires that the Corporation make annual payments to the County of Middlesex for an indefinite period as compensation for the reduction of income due to the dissolution of the London-Middlesex Suburban Roads Commission. The amount paid in 2025 was **\$1,468** (2024 - \$1,369). Payments are based on the base year of 1997 at \$1,000 and are calculated contingent on annual assessment and tax rate increases.

(b) Rehabilitation and Redevelopment Tax Grant Programs

The Corporation has future commitments on the various Rehabilitation and Redevelopment Programs, which are programs that allow for future reductions in property taxes. The future commitments are as follows:

Table 26: Future Grant Program Commitments

2026	\$	6,302
2027		1,929
2028		9,950
2029		2,567
2030		3,438
Beyond		2,178
Total	\$	26,364

(c) Fleet, Equipment and Premises Commitments

The Corporation is committed to the following fleet and equipment purchases and minimum annual operating lease payments for premises and equipment as follows:

Table 27: Fleet, Equipment and Premises Commitments

2026	\$	67,440
2027		26,736
2028		13,207
2029		9,441
2030		6,381
Beyond		19,864
Total	\$	143,069

THE CORPORATION OF THE CITY OF LONDON
Notes to Consolidated Financial Statements (continued)
Year ended December 31, 2025
(all dollar amounts in thousands of dollars)

16. Commitments (continued)

(d) Facilities and Infrastructure Commitments

The Corporation has the following outstanding commitments remaining on facilities and infrastructure contracts as at December 31, 2025:

Table 28: Facilities and Infrastructure Commitments

	2025	2024
Roads	\$ 119,206	\$ 167,087
Sanitary Sewer	78,099	47,886
Water	41,699	56,967
Storm Sewer	38,319	37,562

Social Housing	33,601	1,542
Fire, Provincial Offences, and Emergency Measures	19,933	12,289
General Government	16,101	16,640
Waste Collection, Disposal, and Recycling	8,510	4,565
Parks	5,261	7,765
Commercial and Industrial	4,884	2,039
Recreational Facilities	1,679	2,466
Cultural Facilities	1,621	1,622
Social and Family Services	1,111	1,144
Environmental Services	1,111	65
	\$ 405,074	\$ 418,466

These amounts represent uncompleted portions of contracts, as at December 31, 2025, on major projects. The majority of payments on these outstanding commitments will be made in the next two (2) to five (5) years.

(e) Affordable Housing Programs

The Corporation is responsible for the delivery and administration of affordable housing programs in the City of London and the County of Middlesex. The Corporation has entered into various Municipal Contribution Agreements related to Affordable Housing Programs.

As at December 31, 2025, the Corporation has outstanding commitments remaining on these agreements of **\$6,171** (2024 - \$10,596).

16. Commitments (continued)

(f) Derivatives

The Corporation has the following derivative contracts as at December 31, 2025:

- Contract, expiring October 31, 2025, for the transportation daily natural gas purchases of 220 gigajoules, with a remaining contract value of **\$nil** (2024 -\$286).
- Contract, expiring October 31, 2025, for the transportation daily natural gas purchases of 90 gigajoules, with a remaining contract value of **\$nil** (2024 - \$117).
- Contract, expiring October 31, 2025, for the transportation daily natural gas purchases of 84 gigajoules, with a remaining contract value of **\$nil** (2024 - \$109).
- Contract, expiring October 31, 2026, for the transportation daily natural gas purchases of 111 gigajoules, with a remaining contract value of **\$145** (2024 - \$191).
- Contract, expiring October 31, 2027, for the transportation daily natural gas purchases of 111 gigajoules, with a remaining contract value of **\$189** (2024 - \$187).

These derivative contracts were purchased to provide price certainty for the cost of natural gas based on the Corporation's expected usage of natural gas, and as such are excluded from the scope of PS 3450, Financial Instruments and are not reflected as an asset or liability in these consolidated financial statements.

(g) Other Commitments

As of December 31, 2025, the Corporation has an outstanding commitment of \$12,127 due in 2026 under a land purchase agreement.

THE CORPORATION OF THE CITY OF LONDON
Notes to Consolidated Financial Statements (continued)
Year ended December 31, 2025
(all dollar amounts in thousands of dollars)

17. Provincial Offences Court Administration and Prosecution

On March 26, 2001, pursuant to Bill 108, the Corporation assumed responsibility for Provincial Offences Court Administration and Prosecution. The Province of Ontario transferred the responsibility for the administration and prosecution of provincial offences in London-Middlesex to the Corporation. This transfer was part of the Province's strategy to realign provincial and municipal roles in the delivery of public services. As a result, the Corporation was required to establish its own administration, prosecution office and courtrooms to deal with charges laid under the *Provincial Offences Act*.

Table 29: Charges Laid Under the Provincial Offences Act

	2025	2024
Revenues		
Fines	\$ 5,246	\$ 7,239
Total revenues	5,246	7,239
Expenses

Notes to Consolidated Financial Statements (continued)
Year ended December 31, 2025
(all dollar amounts in thousands of dollars)

18. Budget Data

Budget data presented in these consolidated financial statements is based upon the 2025 operating budget adopted by Council. Adjustments were required to convert the budget from a cash basis to a full accrual basis. These adjustments include revenues and expenses which were budgeted in the capital budget, contributed assets recognized as revenues and amortization expense as well as Board and Commissions budget figures. The adjustments have been reduced for capital assets budgeted in operations. Given that certain budget information is not available in full accrual format, the assumption of using budget adjustments that equal the actual full accrual adjustments was used. These full accrual budget estimates are for financial statement presentation only.

The chart below reconciles the adopted budget with the budget figures as presented in these consolidated financial statements.

THE CORPORATION OF THE CITY OF LONDON
Notes to Consolidated Financial Statements (continued)
Year ended December 31, 2025
(all dollar amounts in thousands of dollars)

20. Expenses by Object

The consolidated statement of operations represents the Corporation's expenses by function. The following classifies those same expenses by object.

Table 32: Expenses by Object

	2025	2024
Salaries, wages and fringe benefits	\$ 656,511	\$ 603,531
Long-term debt interest charges	6,133	5,824
Materials and supplies	197,122	173,417
Contracted services	279,472	219,462
Rents and financial expenses	58,627	35,442
External transfers	228,780	257,454
Amortization of tangible capital assets	213,157	205,355
Total expenses by object	\$ 1,639,802	\$ 1,500,485

21. Liability for Contaminated Sites

Under Public Sector Accounting Board Standard PS 3260 *Liability for Contaminated Sites*, the Corporation has identified three sites that had contamination and were not in productive use, as follows:

With respect to the first site, reports indicate that remediation for this site will be required and has been estimated at **\$724** (2024 - \$595).

With respect to the second site, reports indicate that remediation for this site will be required and has been estimated at **\$8,247** (2024 - \$8,247).

With respect to the third site, reports indicate that remediation for this site will be required and has been estimated at **\$100** (2024 - \$100).

These amounts have been recorded as a liability at year end and have been included in accounts payable and accrued liabilities in the consolidated statement of financial position.

22. Demand Loan

In 2020, the Middlesex-London Health Unit entered a loan agreement for a demand instalment loan with an amortization period of 20 years to finance the fit-up and relocation costs related to the move to Citi Plaza. The loan was subsequently converted into two non-revolving amortizing instalment loans, one with a fixed rate instalment loan and one as a floating rate instalment loan. The fixed rate of interest on the first loan is 1.915% per annum over a term of 5 years and shall be repaid by monthly blended payments of principal and interest. The interest rate on the second loan is calculated at prime less 0.75% per annum and shall be repaid by monthly principal payments.

All amounts under the demand loans are repayable immediately on demand by the bank.

23. Financial instruments and risk management

The Corporation's activities expose it to a range of financial risks. These risks include market risk (including foreign currency risk, interest rate risk, and other price risk), credit risk and liquidity risk.

(a) Market Risk

Market price risk is the risk that the value of a financial instrument will fluctuate as a result of changes in market prices, whether those changes are caused by factors specific to an individual instrument, its issuer or general market factors. Market price risk is composed of currency risk, interest rate risk and other price risk.

The Corporation's portfolio investments are exposed to market risk, both within its fixed income and equity holdings predominantly through interest rate risk and price risk. Portfolio investments are predominantly held in Canadian denominated currency.

Within portfolio investments, exposure to interest rate risk; the risk future cashflows or fair values will fluctuate due to volatility in market interest rate risks, exists due to its interest-bearing holdings. Bond valuations are inversely related to interest rates. Management monitors this exposure regularly and estimates that if interest rates increased by 1% and all other variables are held constant, the potential change in unrealized loss on its fair valued fixed income holdings would be **\$49,466** (2024 - \$40,948).

Price risk within portfolio investments is predominantly driven by holdings in diversified Canadian equities and management estimates that a decrease of 1% in the overall equity markets as measured by changes in the S&P/TSX Composite, the potential change in unrealized loss on its fair valued equity holdings would be **\$2,549** (2024 - \$2,343).

Management aims to reduce market risk through diversification of portfolio investments in terms of asset mix, sectors, issuers, and securities.

THE CORPORATION OF THE CITY OF LONDON
Notes to Consolidated Financial Statements (continued)
Year ended December 31, 2025
(all dollar amounts in thousands of dollars)

23. Financial instruments and risk management (continued)

(b) Credit Risk

Credit risk is the risk of financial loss if a counterparty fails to honour its contractual obligation. The Corporation is exposed to credit risk on portfolio investments. The Corporation manages this risk through its established credit quality requirements of securities, as outlined in its investment policy and through diversification of its holdings. The Corporation only invests in investment grade securities or issuances and as such, management has assessed the impact of credit risk to portfolio investments as low, with no change year over year.

The credit rating profile for the Corporation's fixed income holdings is as follows:

Credit Rating	2025	2024
AAA	20.8 %	19.5 %
AA	28.6 %	43.5 %
A	50.6 %	34.2 %
BBB	- %	2.8 %
Total	100.0 %	100.0 %

The Corporation is also subject to credit risk with respect to loans and accounts receivable. The Corporation manages credit risk by engaging with recognized, credit worthy third parties. The Corporation has no significant concentration of credit risk with any one individual customer. There were no changes in exposures to credit risk during the year. The outstanding amounts related to financial instruments are presented in the table below.

2025	Current	31-60 days	61-90 days	91-120 days	Over 120 days	Total
Government receivables	\$118,062	\$ 168	\$ -	\$ -	\$ -	\$ 118,230
Other account receivables	65,339	1,316	525	475	1,901	69,556

(all dollar amounts in thousands of dollars)

23. Financial instruments and risk management (continued)

(c) Liquidity Risk

Liquidity risk is the risk the Corporation will be unable to fulfill its obligations associated with its financial liabilities. The Corporation maintains an unsecured line of credit of **\$100,000** (2024 - \$100,000) to ensure funds are available to meet current requirements. As at December 31, 2025, no amount has been drawn on the facility. In addition, the Corporation has \$2,000 of available commercial card credit that can be accessed. Management believes based on its assessment of cash flows it will have access to sufficient capital through internally generated cash, external sources, the undrawn line of credit, as well as commercial card credit, to meet current forecasted expenditures.

The Corporation is also exposed to liquidity risk with respect to accounts payable and accrued liabilities. The majority of accounts payable and accrued liabilities are expected to be settled in thirty days. The maturities of other financial liabilities are provided in the notes to financial statements related to those liabilities.

2025	Within 1 year	1 to 2 years	2 to 5 years	Over 5 years	Total
Accounts payable and accrued liabilities	\$ 206,379	\$ 621	\$ 93	\$ 865	\$ 207,958
Total	\$ 206,379	\$ 621	\$ 93	\$ 865	\$ 207,958

2024	Within 1 year	1 to 2 years	2 to 5 years	Over 5 years	Total
Accounts payable and accrued liabilities	\$ 190,603	\$ 2,010	\$ 293	\$ 742	\$ 193,648
Total	\$ 190,603	\$ 2,010	\$ 293	\$ 742	\$ 193,648

The accounts payable and accrued liabilities total amount differs from the amount reported on the consolidated statement of financial position, for items excluded from financial instruments as per PS 3450, Financial Instruments, primarily payables to government for goods and services tax, employment benefits, and insurance contracts.

24. Segmented Information

The Corporation is a diversified municipal government institution that provides a wide range of services to its citizens, including police, fire, roadways, public transit, water, wastewater, solid waste and recycling, social and community services. For management reporting purposes the Corporation's operations and activities are organized and reported by Fund. Funds were created for the purpose of recording specific activities to attain certain objectives in accordance with special regulations, restrictions or limitations.

For each reported segment, revenues and expenses represent both amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information. The Operating Fund reports on municipal services that are funded primarily by property taxation. Taxation and payments-in-lieu of taxes are apportioned to General Revenue Fund Services based on the Fund's net surplus. User charges, Government transfers, transfer from other funds and other revenues have been taken from the allocations on schedule 12 of the Financial Information Return.

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements as disclosed in note 1. The segmented information reports total revenues and expenses by segment.

The Corporation's services are provided by departments and their activities are reported in these funds. Certain departments that have been separately disclosed in the segmented information, along with the services they provide, are as follows:

(a) Protection Services

Protection is comprised predominantly of the Police Services and Fire departments. The mandate of the Police Services is to ensure the safety and security of the lives and property of citizens through law enforcement, victims' assistance, public order maintenance, crime prevention and emergency response. The Fire department is responsible for providing proactive fire and injury prevention education programs, comprehensive inspection programs and fire code enforcement. In addition, the department responds to emergency calls for assistance related to fires, rescues, motor vehicle accidents and cardiac medical events as well as calls related to hazardous material incidents, swift water and ice rescue and limited types of technical rescue calls.

24. Segmented Information (continued)

(b) Transportation Services

Transportation Services are comprised of year-round road maintenance, parking, traffic signals and street lighting. Activities include the maintenance of roadsides defined as sidewalks, walkways, boulevards and the urban forest. This service is responsible for the operational integrity of the roadway system through year-round surface maintenance and winter maintenance, including snow and ice control. Parking supports the controlled movement of vehicles to benefit London businesses and residents through policy and operational efforts. Traffic signal services provide the planning, design, operation and maintenance of the Corporation's street lights and traffic signal network including a computerized traffic signal control system.

The London Transit Commission serves as an agent for the Corporation responsible for the delivery of public transit services for the residents of the City of London as provided under the *City of London Act*.

Public transit services include conventional and specialized transit services. Service design, development and delivery for the respective services take their direction from the Corporation's Official Plan, Transportation Plan and London Transit's Long Term Growth Strategy, Ridership Growth Plan, Business Plan and Accessibility Plan.

24. Segmented Information (continued)

(c) Environmental Services

(i) Water and Wastewater Utilities

The Water Utility provides the planning, engineering, operation and maintenance for the Corporation's water infrastructure. Wholesale potable water is purchased from both the Lake Huron and the Elgin Area Primary Water Supply Systems. Services include the planning and engineering to support the delivery of safe, clean, high quality drinking water of sufficient flow and pressure to enhance the quality of life and support economic development for the residents and businesses of London. Operation and maintenance services ensure the reliable delivery of water to all customers and sustainability of a high quality water infrastructure.

The Wastewater Utility provides the planning, engineering, operation and maintenance for the Corporation's wastewater and drainage infrastructure. Services include the operation of pollution control plants and sewage pumping stations for the treatment of sanitary sewage, year-round maintenance of sanitary and storm sewer systems and planning and implementation of capital works to provide new services and improve existing systems. All services are delivered in an environmentally and fiscally responsible manner while maintaining sustainability of the infrastructure.

(ii) Solid Waste and Recycling

Solid Waste and Recycling provides solid waste collection services managing the safe and permanent disposal of non-hazardous wastes collected in an environmentally safe process including the management and operation of a landfill site. It also provides a variety of services and projects relating to the Management of Solid Waste for its customers and the citizens and businesses of London. Such services include daily recyclable and waste drop-off, on-site composting, residential/industrial/commercial and city facilities recycling.

(d) Health Services

The Middlesex-London Health Unit provides a wide range of public health services in London and Middlesex County. The programs and services are designed to help citizens live a healthy life, free from disease and injury through health promotion and prevention activities. The Health Unit also monitors the air, food and water supply in the community to make sure it is safe and provides services to individuals and communities and advocates for public policies that make the City of London healthier.

Middlesex-London Paramedic Service provide medical emergency medical services to the City of London and Middlesex County.

24. Segmented Information (continued)

(e) Social and Family Services

As the Consolidated Municipal Service Manager, the Social and Health Development Service Area is legislated to deliver the Province's Ontario Works program to qualified residents within the City of London; homelessness funding to local emergency shelters and administers the distribution of child care fee subsidies to families in need and wage subsidies to local child care agencies.

The Service Area also delivers Council-directed social services, including the London CARES initiative and the Child and Youth Agenda in partnership with community agencies and groups. The Service Area operates the Dearness Home long term care facility; an Adult Day Program and Home Help Services.

(f) Social Housing

The Municipal Housing and Industrial Development Division is responsible for establishing and maintaining a system for administering mortgage and rent subsidies for social housing providers; receiving and evaluating financial reports of housing providers; assessing extraordinary financial requests from housing providers; responding to requests for technical support from housing providers and reviewing housing providers operations to ensure compliance with the *Housing Services Act* and any rules allocated by the Service Manager. The Division also fulfills the application intake function for social housing providers (the Housing Access Centre) and delivers federal, provincial and municipal affordable housing programs.

(g) Parks and Recreation

The Recreation and Sports Division works collaboratively with their colleagues and partners to improve the quality of life for all Londoners by creating opportunities for individuals to lead healthy, socially-active lives through the direct delivery of recreation programs; strengthening neighbourhoods; leading the integration of community wide initiatives; managing and operating parks and recreation facilities such as Storybook Gardens, municipal golf courses; providing aquatic opportunities; and supporting local sport and special event initiatives.

(h) Cultural Services

The Culture Services Division provides the infrastructure necessary to place a greater focus on culture by acting as the central access point for the cultural functions and responsibilities of the City of London. The Culture Services Division promotes collaboration, communication and the sharing of knowledge and resources for the purpose of generating economic prosperity through cultural vitality.

24. Segmented Information (continued)

(i) Planning, Development and Compliance

(i) Planning Services

Planning Services provides a wide range of planning and associated services to guide long-term land use and development activity in the City. The Division is organized under four sections – Policy Planning and Programs, Environmental and Parks Planning, Community Planning and Design and Urban Forestry. The Division employs professional resources consisting of Planners, Parks Planning Co-ordinators, Landscape Architects, a Community Projects Co-ordinator, Urban Designers, Ecologists, a Research Analyst and a Heritage Planner as well as support technical and support staff. A wide range of services are provided by the Division including Official Plan and Zoning By-law approvals, policy development, secondary plans, Community Improvement Plans, economic revitalization programs, brownfield revitalization incentives, heritage preservation incentives, urban design, environmental and ecological evaluations, parks planning, urban forestry, commemorative programs and heritage planning.

(ii) Development Services

Development Services is a multi-disciplinary team providing a single point of administration for development approvals under the *Planning Act*. The Division includes Planners, Engineers, Landscape Planners, Site Plan Officers, Inspectors, a Subdivision Co-ordinator, Integrated Land Planning Technologists and technical support staff that function as geographic teams (east and west) to provide an integrated processing framework to provide quality development approvals in a timely manner. Planning Act applications processed by Development Services include Plans of subdivision including associated Official Plan and Zoning By-law amendments, site plan approvals, condominium approvals and consents. The Division also administers subdivision and development agreement servicing standards and compliance through inspection, assumption and security management.

(iii) Building Division

Building Division, by administering the provisions of the *Ontario Building Act* and the *Building Code*, ensures high quality building construction in addition to keeping paramount the health and safety of the citizens of London. These directives are established through the enforcement of various municipal By-laws such as the Property Standards By-law, the Sign and Canopy By-law and the Pool Fence By-law to name a few.

24. Segmented Information (continued)

(i) Planning, Development and Compliance (continued)

(iv) Municipal Compliance Division

The Municipal Compliance Division is divided into three interrelated areas. The Community By-laws section is responsible for seeking compliance with community based City by-laws which focus on health and safety, consumer protection, nuisance control and quality of life issues. The Licensing and Parking Enforcement areas are responsible for addressing compliance issues with business licensing by-laws and parking infractions. This section also manages a number of parking lots providing parking services to citizens and visitors alike. The Animal Care and Control service area is responsible for administration, planning, co-ordination and direction of animal care and control in an effort to ensure that policies, practices, directives, by-laws and regulations are in place and adhered to for the protection of the public and the welfare of domestic animals in the community.
